# North County Corridor New State Route 108 Project and Route Adoption

### WHAT IS BEING PLANNED?

The California Department of Transportation (Caltrans) and the County of Stanislaus propose to identify a roadway alignment for a west-east facility from State Route 108 (SR-108) (McHenry Avenue) north of the City of Modesto to SR-120 approximately six miles east of the City of Oakdale. The project would serve as a bypass for the cities of Riverbank, Oakdale and Modesto. The North County Corridor Transportation Expressway Authority (NCCTEA) anticipates the project to be a multi-lane, access-controlled expressway/freeway with interchanges, at-grade intersections, grade-separated railroad crossings, irrigation district crossings, frontage roadway, and local street alignments.
