

## Carpenter Rd./Whitmore Ave. INTERSECTION IMPROVEMENTS

### About the Project

The intersection will be widened to accommodate existing and projected traffic and to provide lane transitions and shoulder area. Each approach will provide a left-turn pocket and a combination of through-right turn lanes. Widening and required transitions will extend from the center of the intersection approximately 1,200 feet in all directions. The improved roadway sections will be restriped and signed in accordance with County and State standards.

### Project Benefits

- Traffic Safety
- Traffic Flow

### What to Expect During Construction

- Traffic Delays
- Road Closures
- Noise

**Contractor**  
George Reed, Inc.

**Funding Source**
