

Crows Landing Road at Grayson Road Intersection Signalization

The Crows Landing Road at Grayson Road intersection is located in central Stanislaus County approximately 1.0 miles south of East Service Road. It currently operates at a Level of Service "F" in the peak hour, which is defined in the California Highway Capacity Manual as an average user delay of greater than 80 seconds for an unsignalized intersection. This intersection has an average delay of 90 seconds. The project is funded with a combination of Federal Congestion Mitigation and Air Quality (CMAQ) funds and County Public Facility Fees (PFF) funds.
