## WEST MARIPOSA STREET

### EMERGENCY WATER MAIN EXTENSION

#### About the Project

The residents on West Mariposa Street currently depend on hauled water deliveries and temporary water storage tanks to supply their homes with reliable drinking water. To solve this problem, 1,090 linear feet of pipe and 10 service connections will be installed. The new pipe will then connect the homes to the existing City of Newman water system.

**Location:**  
West Mariposa Street

Date: 08/01/2019  
Project No. 8066

#### Project Benefits

- Reliable Water Service
- Newly Paved Road

#### What to Expect

- Traffic Delays
- Noise

#### Hours

Monday - Friday  
7:00 am - 5:00 pm

#### Questions?

 (209) 525-4130

#### Schedule

##### CONSTRUCTION BEGINS

AUGUST 2, 2019

##### ESTIMATED COMPLETION DATE

SEPTEMBER 2, 2019
