

**THE BOARD OF SUPERVISORS OF THE COUNTY OF STANISLAUS  
AGENDA ITEM**

DEPT: Chief Executive Office

BOARD AGENDA:6.1

AGENDA DATE: November 23, 2021

CONSENT

CEO CONCURRENCE: YES

4/5 Vote Required: No

---

**SUBJECT:**

Public Hearing to Accept an Update on the County's 2021 Redistricting Project and Receive Comments Regarding Draft Supervisorial District Map Alternative 1 and Visualizations 2 and 3

**STAFF RECOMMENDATION:**

1. Receive an update on the County's 2021 Redistricting Project;
2. Open the public hearing to receive comments on the Draft Supervisorial District Map Alternative 1 and Visualizations 2 and 3; and
3. Direct staff to make modifications to maps as needed or for purposes of review.

**DISCUSSION:**

Redistricting is the process by which supervisorial district boundaries are drawn every 10 years to ensure each district has the same number of people. The boundaries of the supervisorial districts shall be adopted by the Board no earlier than August 1, 2021. The final map must be adopted 174 days before the June 7, 2022, Statewide Direct Primary Election, which is December 15, 2021.

In adopting the updated supervisorial districts, the Board of Supervisors must comply with the requirements of the U.S. and California Constitutions, the Voting Rights Act, and Elections Code Section 21500 et seq. These authorities require that districts be based on total population and must have substantially equal population per district. Additionally, these authorities generally prohibit using race as a predominate criteria for redrawing districts or diluting the voting rights of racial or language minority communities to elect representatives of their choice. Further, under the California Elections Code, the updated districts must be redrawn using the following criteria, in order of priority:

1. To the extent practicable, districts must be geographically contiguous;
2. To the extent practicable, districts must maintain the geographic integrity of neighborhoods and communities of interest;
3. To the extent practicable, districts must minimize division of cities or census designated places;
4. Boundaries must be easily identifiable and, if possible, bound by natural/artificial barriers; and
5. To the extent practicable, districts must not favor or discriminate against any political party.

## **Voting Rights Act - Section 2 Analysis**

The California Fair and Inclusive Redistricting for Municipalities and Political Subdivisions (FAIR MAPS) Act mandates that supervisorial district boundaries comply with the Federal Voting Rights Act (VRA) of 1965 (U.S.C Sec. 10301 et seq.). To ensure compliance with the VRA, the County contracted with census and redistricting experts at Q2 Data and Research, LLC, as well election law experts at Olson Remcho. Also, the County consulted with Dr. Megan A. Gal, PhD, GISP, an expert in VRA compliance, research, and instruction. County Counsel, the experts, the Redistricting Steering Committee, and Ad Hoc Citizen Advisory Redistricting Commission have worked together to draw maps that are in compliance with the VRA.

County Counsel and attorneys from Olson Remcho (the “legal team”) have identified an issue concerning the VRA. Section 2 of the VRA aims to ensure equal opportunity to participate in the political process. It does this by taking a “results based” approach (i.e., analyzing past elections to determine whether a minority group has the ability to elect representatives of their choice). Case law derived from Section 2, primarily *Thornburg v. Gingles* (*Thornburg v. Gingles*, 478 U.S. 30 1986) lays out the relevant test. To bring an action for a VRA Section 2 violation, a minority group must be able to show that (1) they are geographically compact enough to comprise a majority in a district, (2) that they typically vote together for a shared candidate of choice, and (3) that they typically vote together for a shared candidate of choice and that demographic majority voters also vote together in a way that usually prevails over the minority candidate of choice. The experts analyzed the census results and identified that Hispanics in Stanislaus County likely meet the above listed factors. Consequently, there is a risk that, as currently drawn, the district lines could result in Hispanic vote dilution.

After their analysis, the legal team has determined the appropriate way to remedy this situation is to increase the Hispanic citizen voting age population (“CVAP”) in a “majority minority district” to create a single district that has a sufficiently large number of Hispanic voters to elect candidates of choice. Currently, District 5 is a majority-plus Hispanic CVAP district with a Hispanic CVAP of 53.93%. While it would be theoretically possible to draw two Hispanic CVAP majority districts of 50.1%, those districts are expected to underperform due to historically low voter turnout in the demographic and would not be a sufficient remedy.

The best option is to compensate for low voter turnout and to create a single district that exceeds the current Hispanic CVAP of 53.93%. Currently, the Commission is working to draw district boundaries to increase that number while adhering to the redistricting criteria required by state law.

## **Map-Drawing Meetings**

The Commission has met 10 times—and will meet four additional times—to review County Census data and maps, give feedback and input on the data and maps, and recommend Supervisorial District (map) alternatives in consultation with and assistance

from the Steering Committee and Project Team (who were in attendance as well and will continue to be so).

	Meeting Type	Date	Time	Location
1.	Map-Drawing Meeting	Monday, October 4, 2021	6:00–7:00 p.m.	County Veteran’s Center
2.	Map-Drawing Meeting	Thursday, October 7, 2021	6:00–7:00 p.m.	County Veteran’s Center
3.	Map-Drawing Meeting	Monday, October 18, 2021	6:00–7:30 p.m.	County Veteran’s Center
4.	Map-Drawing Meeting	Thursday, October 21, 2021	6:00–7:00 p.m.	County Veteran’s Center
5.	Map-Drawing Meeting	Thursday, October 28, 2021	6:00–7:00 p.m.	County Veteran’s Center
6.	Map-Drawing Meeting	Thursday, November 4, 2021	6:00–7:30 p.m.	County Veteran’s Center
7.	Map-Drawing Meeting	Tuesday, November 9, 2021	6:00–7:30 p.m.	County Veteran’s Center
8.	Map-Drawing Meeting	Wednesday, November 10, 2021	6:00–7:30 p.m.	County Veteran’s Center
9.	Map-Drawing Meeting	Monday, November 15, 2021	6:00–8:00 p.m.	County Veteran’s Center
10.	Map-Drawing Meeting	Wednesday, November 17, 2021	6:00–8:00 p.m.	County Veteran’s Center
11.	<i>Map-Drawing Meeting</i>	<i>Monday, November 22, 2021</i>	<i>6:00–9:00 p.m.</i>	<i>County Veteran’s Center</i>
12.	<i>Map-Drawing Meeting</i>	<i>Tuesday, November 23, 2021</i>	<i>6:00–9:00 p.m.</i>	<i>County Veteran’s Center</i>
13.	<i>Map-Drawing Meeting</i>	<i>Monday, November 29, 2021</i>	<i>6:00–9:00 p.m.</i>	<i>County Veteran’s Center</i>
14.	<i>Map-Drawing Meeting</i>	<i>Tuesday, November 30, 2021</i>	<i>6:00–9:00 p.m.</i>	<i>County Veteran’s Center</i>

### **Draft Supervisorial District Map Alternative 1**

The State of California released redistricting data later than was originally anticipated. Redistricting data was first available in late September, but was originally anticipated in late March. As Information Technology Central (ITC) completed their analysis of the available data, the relevant data and maps were provided to the Commission. The late release of data has slowed the Commission’s work, but the Commission is available and committed to meet as needed to complete the necessary work at hand.

Discussions on the first draft map alternative began with an analysis of the County’s total population, which is now 554,730. According to the 2020 Census, the majority of the County’s 554,730 residents are Hispanic (48%) and Non-Hispanic White (38%) with the remaining population being Black/African American (3%), Asian (6%), Native Hawaiian or Other Pacific Islander (1%), American Indian/Alaska Native (1%), and Other (1%) (percentages do not total 100% because of rounding).

After reviewing this data from the State of California Official 2021 Redistricting Database, ITC identified four Census Blocks that spanned more than one existing Supervisorial District. These Census Blocks, labeled A, B, C, and D, were the focus of the Commission’s review.

After review, the Commission voted unanimously on November 9, 2021 to assign these four Census Blocks into a Supervisorial District boundary. The results are listed in the table below (a more detailed description of the location of each Census Block is available in Attachment 2) and Supervisorial District Map Alternative 1 reflects the Commission’s recommendation (see Attachment 3).

Census Block	Location	Spans Districts	District Recommendation
A	Northwest Modesto	3 and 4	3
B	East Modesto	1 and 4	1
C	East Modesto	1 and 4	4
D	South Modesto	4 and 5	4

The table listed below provides data on the County’s 2020 population in each District (as outlined in Supervisorial District Map Alternative 1), the equal population target (Elections Code 21500(b)), County’s 2010 population, and the population change.

District	2020 Population	Equal Population Target	2010 Population	Population Change (2010 to 2020)	Percent Change (2010 to 2020)
1	111,386	110,946	101,747	+9,639	+9%
2	108,668	110,946	102,201	+6,467	+6%
3	109,511	110,946	103,640	+5,871	+6%
4	110,068	110,946	101,971	+8,097	+8%
5	115,147	110,946	104,892	+10,255	+10%

State law requires that each draft district boundary map be accompanied by information on the total population, citizen voting age population (CVAP), and racial and ethnic characteristics of the citizen voting age population of each proposed supervisorial district, to the extent the county as that data. Attachment 4 provides this required data.

### **Draft Supervisorial District Visualization 2 and 3 (Under Development)**

After finalizing Draft Supervisorial District Map Alternative 1, the Commission agreed to pursue further discussions that would lead to additional draft maps. The Commission has reviewed, and is continuing to review, redistricting data and Supervisorial boundaries. Although these discussions have not yet resulted in a formal recommendation of an additional draft map(s), the Commission has been working toward identifying new District boundaries, which are titled Visualizations 2 and 3 (see Attachments 5 and 6). Because these visualizations have not been finalized and ITC has yet to conduct a final analysis and review of these visualizations, it has not yet been determined if these visualizations comply with the required Redistricting criteria. Therefore, detailed data and boundaries are not yet available on these visualizations.

### **Map-Drawing Tutorial Sessions**

To assist the Commission and general community members on how to use the County’s online Redistricting mapping data and tool, the Project Team held four map-drawing tutorial sessions: two sessions specifically for Commission members and two sessions in the community for community members at large.

	Meeting Type	Date	Time	Location
1.	Tutorial Session	Monday, November 8, 2021	10:00 a.m.–Noon	Human Relations Department
2.	Tutorial Session	Tuesday, November 9, 2021	4:00–6:00 p.m.	County Veteran’s Center
3.	Tutorial Session	Wednesday, November 17, 2021	10:00 a.m.–Noon	West Modesto Collaborative
4.	Tutorial Session	Thursday, November 18, 2021	6:00–8:00 p.m.	Assyrian American Civic Club

## **Public Hearings**

The County will hold four public hearings to receive comments and input from the public on the proposed redistricting options (currently, Supervisorial District Map Alternative 1) submitted by the Commission. The four public hearing dates and details are as follows:

	Meeting Type	Date	Time	Location
1.	Draft Public Hearing	Monday, November 8, 2021	6:00 p.m.	Board Chambers
2.	Draft Public Hearing	Tuesday, November 23, 2021	11:00 a.m.	Board Chambers
3.	<i>Draft Public Hearing</i>	<i>Monday, December 6, 2021</i>	<i>11:00 a.m.</i>	<i>Board Chambers</i>
4.	<i>Adoption Public Hearing</i>	<i>Monday, December 13, 2021</i>	<i>11:00 a.m.</i>	<i>Board Chambers</i>

The Commission has discussed having additional public outreach sessions. The Project Team is considering the possibility of holding these sessions, time permitting.

The County is also required to publish all draft maps, along with specified information regarding the maps, at least seven days prior to their adoption. Throughout the redistricting process, the County must allow the public to submit testimony or draft maps in writing and electronically. The County must also record all public comments and Board deliberation regarding proposed maps.

## **POLICY ISSUE:**

In accordance with the requirements of the U.S. and State of California Constitutions, the Voting Rights Act, and Elections Code Sections 21500 et seq., the Board of Supervisors is required to use decennial U.S. Census data to adjust its supervisorial districts so that the districts are substantially equal in population and comply with additional criteria as outlined in the Elections Code.

## **FISCAL IMPACT:**

There is no additional fiscal impact associated with the staffing recommendations to hold a public hearing. The project budget for redistricting is \$100,000, as approved by the Board of Supervisors in the First Quarter 2020–2021 Financial Review. Sufficient appropriations exist in the legal budget to support this project.

## **BOARD OF SUPERVISORS' PRIORITY:**

This project is consistent with the Board Priority of *Delivering Efficient Public Services*, as this project will provide fair and effective representation for all residents of the County and ensure maximum public participation in the 2021 Supervisorial Redistricting process.

## **STAFFING IMPACT:**

Existing County staff will continue to manage and support the Redistricting Project.

## STANISLAUS COUNTY REDISTRICTING 2021

### CENSUS BLOCK DESCRIPTIONS

#### Block "A"

Starting in the southwest corner located in the middle of Ladd Road between Stoddard Road and Dale Road. Then, traveling north to the Stanislaus River. Then, east along the Stanislaus River until the northern tip of the property line of parcel 004-075-049. Then, southeast along the property line of parcel 004-075-049 to Carver Road. Then south along Carver Road to Ladd Road. Then, west along Ladd Road to the starting point.

#### Block "B"

Starting at the intersection of Oakdale Road and Scenic Road, travel east along Scenic Road until Scenic Bend. Then, travel along Scenic Bend until it meets Scenic Road. Then, travel east along Scenic Road until Wycliffe Drive. Then, travel along Wycliffe Drive until it meets Scenic Road. Then travel east on Scenic Road for 150 feet. Then, travel southeast along the east side of property line of parcel 068-023-001 until Dry Creek. Then travel west along Dry Creek until it meets El Vista Avenue. Then, north along El Vista Avenue to the starting point.

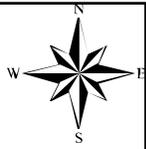

#### Block "C"
