Management Short Term Disability Claim Statement

One of the management employee benefits is a self-insured limited income protection plan. This plan provides that if you are temporarily unable to work due to illness or injury (other than job related illness or injury which is already covered by Workers' Compensation) the county will continue paying 50% of your monthly salary for up to twelve months starting on the 31st day of disability.

To be eligible for the benefit, an employee must file this form with Risk Mgmt. It must be completed and returned to Risk Mgmt. within 30 days of the "first day of disability". A Department Head may file a claim on behalf of an eligible employee.

The employee must attach to this claim form, medical proof that the illness or injury is disabling to the point where the employee cannot continue on the job. Medical proof in the form of a statement from a physician or psychiatrist is subject to independent verification by a county paid medical examination.
