Subdivision Name:		

A copy of the tentative parcel/subdivision map is required. It may be in an electronic format or a paper copy. The Assessor prefers the electronic format as it reduces processing time. Send electronic copies by email to: taxltr@stancounty.com using PDF format.

SELECT ONE: Electronic copy sent to Assessor Paper copy given to Tax Collector

I/We, the assessed owner(s), understand and agree to the following:

- All currently due taxes must be paid prior to or at the time the parcel map is signed.
- Estimated taxes are collected for next year's tax bill(s) from December 1st until the next year's tax roll is set. These funds will be applied to those tax bill(s) issued regardless of any ownership change that has occurred since the map was recorded. If the estimate amount collected at the time the map is signed is not sufficient to pay the entire tax bill(s), the balance must be paid in full upon notification. If the parcel map is signed by the TTC office on or before November 30th, the map will be recorded before December 31st of that year.
- If the parcel map is not recorded before December 31st of this year, a new application (with any associated fees) will be resubmitted to the Tax Collector for a new Tax Clearance.
- If the parcel map is recorded on or after January 1st following the calendar year in which it was signed, the Certificate will be considered INVALID for recording purposes.
- Any supplemental tax bills that are in progress but not yet issued are not covered by this clearance and will still be the responsibility of the assessee and/or buyer, even after the property is sold.
- If the property is sold immediately after the parcel map is recorded and the new parcel number(s) are assigned by the Assessor, the Tax Collector's Office will be contacted for any outstanding taxes due.
- The Assessor may send a request for information pursuant to section 441(d) of the Revenue and Taxation code asking for development costs and/or other information to be considered in the assessment of this property.
