

Steps You Can Take To Prevent Falls Today

1. Exercise! Focus on strength and resistance training.

The Healthy Aging Association offers Young At Heart Fitness Classes to help build strength, flexibility and balance, call (209)525-4670 to start exercising this week.

2. Wear good shoes

Find shoes that will not cause you to slip or trip by making sure they are supportive, have a strap to secure the ankle and do not have a heel.

3. Have your vision and hearing checked regularly.

It is recommended that you get your vision and hearing checked at least once a year.

4. Talk with your doctor & review medications.

Always tell your doctor if you have experienced a fall since your last check up. Review your medications with your doctor or pharmacist to discuss potential side effects.

5. Evaluate your home

Use a "Home Safety Checklist" to assess your home and reduce fall risks. Contact (209)525-4670 to receive a Checklist in the mail.

We have resources for ALL!

If you are in need of fall prevention resources, but do not qualify for this program, please call (209) 525-4670 to get resources to help you prevent falls.

COVID-19 Update

For the safety of staff and clients, we will continue to operate following a stringent safety protocol, and maintaining a social distance of at least 6 feet.

Dignity At Home Program Guidelines

Review the questions below, if you answer YES to all of the questions, you may qualify!

- 1** Are you at least 60 years of age or disabled?
- 2** Have you had a fall or at risk for falling?
- 3** Do you meet the following monthly income guidelines?
1 person — \$3,263 or less
2 people — \$3,729 or less

Fall Facts

Did you know that more than 1 in 4 older adults fall each year?

1 in 5 falls result in serious injuries such as broken bones, a head injury, or even death.

Research shows that many falls are preventable.

Dignity At Home Process

- 1** Answer Yes to the Three Program Guideline Questions
- 2** Pre Assessment Interview
 - The Stanislaus County Area Agency on Aging (AAA) will start with phone interviews to assess fall risk.
- 3** Once Qualified
 - The Healthy Aging Association will then do a home assessment for those who qualify.
 - Education and information on fall prevention will be provided by Healthy Aging Association.
 - If recommended, Home Safety Services will provide and install, in home injury prevention accessories.

Potential Injury Prevention Accessories

- Bath Bench
- Bedside Pole
