VISION

To be good partners to stakeholders who raise concerns. To provide coaching and ensure adherence to applicable regulations, policies, and ethical standards to support the goal of providing excellent care to Stanislaus County members.

MISSION

Our mission is to ensure compliance standards and procedures are established and followed, while simultaneously encouraging and supporting an ethical work environment and offering consultation to stakeholders on the implementation and enhancement of internal processes.

VALUES

Integrity- We consistently exhibit honesty, uphold ethical conduct, and maintain all applicable regulations. Our actions are in line with the same ethical and legal requirements we hold staff to.

Accountability- We take ownership of tasks and results, uphold professionalism, and have a responsibility to others to “get it right.”

Collaboration- We work together across divisions and programs to ensure requirements are understood, followed, and continuously improved- sharing a culture of responsibility that supports ethical, safe, and effective care.

Excellence- We strive to exceed regulatory requirements, by continuously improving processes, training, and practices to ensure the highest standards of ethical care and organizational integrity.

Knowledge- We seek to stay informed of relevant issues to better serve members and staff.
