**BOARD OF SUPERVISORS REPORT**

Supervisor Withrow reported that the Board of Supervisors approved the Community Assessment Response Engagement (CARE) Initiative at the June 26, 2018, meeting. It is an intensive effort to address the issues that arise in communities when homelessness is coupled with mental illness and substance use and/or alcohol abuse. Over a 90-day period, a work group met weekly to map assets, unpack problematic processes, and identify service gaps while building a new approach that could increase accountability, and alignment- developing a system and service model. The group included representatives of twenty or more partners who directly serve this population. This effort was led by Stanislaus County and organizations throughout the County. A Multi-Disciplinary Team (MDT) made up of police & fire department from the Homeless Engagement and Response (HEART) Team, behavioral health and recovery services clinicians and other support services were deployed as a pilot program model to engage this priority population, determine how individuals might be helped, and how ongoing issues might be addressed. Over a span of two weeks, the pilot program tested a new service model. Results of the two week pilot indicated that many were willing to engage (75% signed the release of information, 25% agreed to services). In addition to the fiscal resources allocated, the Board of Supervisors adopted a resolution in support of Senate Bill 1045 Conservatorship for the gravely disabled. An outreach team of 10-12 people from various county departments put together a list of 150 people to break the cycle and provide services. Supervisor Withrow in addition, reported that the Board of Supervisors approved the budget of approximately \$1.3B.

## **CULTURAL COMPETENCY, EQUITY AND SOCIAL JUSTICE COMMITTEE (CCESJC)**

Carmen Maldonado shared the following highlights from the June meeting. Leng Power, MHSA Planning Manager, shared a film entitled "Cambodian Community Builds Resilience in New Home" that focused on connecting with other refugees who would understand their culture and language and learn from each other in order to heal from the trauma of having to flee their country and lose everything they love. Luis Molina expanded on the May Mental Health Awareness activities stating the importance in carrying the anti-stigma message at home, work and the community. The committee also viewed a short film entitled "The One Hundred Dollar Race", an experiment to teach youth that even though not everyone has the same advantages and opportunities, with hard work, self-love, and determination, everyone can win in the game of life.

## **DEPARTMENT REPORT**

Cherie reported on the following:

- Moving forward with the Drug Medi-Cal Organized Delivery System (a managed care system for substance use disorders) applications submitted to the state for approval. Once approved, the department can start providing services in November 2018.
- New managed care rules and regulations on Medi-Cal have changed on the timeline for accessing services from 30 days to 10 days.
- The External Quality Resource Organization (EQRO) audit will be in October 2018. The goal is to meet at least 90% of the criteria.

Legislation:

- SB 1971 - Mental health services: involuntary detention: gravely disabled. Expands the definition of "gravely disabled" for specified purposes to also include a condition in which a person, as a result of a mental health disorder, is unable to provide for his or her basic personal needs for medical treatment.
- SB 1045 - Conservatorship for a person is incapable of caring for the person's own health and well-being due to a serious mental illness and substance use disorder.
- SB1206 - No Place Like Home Act 2018 is funding for housing.
