Welcome

Welcome to the Stanislaus County Mental Health Services Act website. The Mental Health Services Act provided funding to counties to expand and develop innovative, integrated services for children, adults and older adults. California's voters passed MHSA in November 2004. The intent of this site is to inform and invite our community to participate in the implementation of the MHSA.

A little about us

- SAACR is committed to supporting the overall wellness of our community by connecting individuals and families to adequate services and resources which may include faith communities and a strong connection to traditional cultural practices

Who we are

SAACR was launched in 2011 as a grassroots community organization in partnership in Behavioral Health and Recovery Services (BHRS) Prevention & Early Intervention

SACCR officially organized and became a 501C3 in 2012. Our membership is comprised of community leaders and community members. We have an array of cultural diversity which includes the ability to communicate in the following language: Vietnamese, Laotian, Hmong, Cambodian, Khmu, Filipino, and Thai.

What we do

- . Develop leadership within the the Asian American community
- . Organize Annual Youth Leadership Conference in partnership with Modesto City Schools
- . Support Tzu-Chi Foundation Health Clinic.
- . Advance collaboration with community organization and community building with participation at the International Heritage Festival (food booth & stage performances)

What we do

- Provide cultural and intercultural support for all Asian Americans in Stanislaus County.
- Build alliances with advocacy and policy organizations
- Value the diversity and gifts across all cultures
- Collaborate with the Stanislaus County Public Health to do Outreach & Distribution of Covid-19 PPE to the Asian community
- Participate in the 2020 Census with El Concilio to Outreach to the Asian community in Stanislaus County

Covid-19 Vaccine Clinic
