SUBJECT:

Approval to Increase the Not-to-Exceed Amount with Champion Industrial Contractors' Job Order Contract from \$2 Million to \$4.5 Million for Year Two of the General Services Agency Job Order Contracting Program

STAFF RECOMMENDATION:

1. Approve an increase to the not-to-exceed amount with Champion Industrial Contractors' Job Order Contract from \$2 million to \$4.5 million for year two of the General Services Agency Job Order Contracting Program.
2. Authorize the General Services Agency Director/Purchasing Agent or designee to execute an Amendment to the Contract with Champion Industrial Contractors.

DISCUSSION:

On August 30, 2022, the Board of Supervisors approved six Job Order Contracts (JOC) for year two of the General Services Agency (GSA) JOC Program. Of these contracts four were awarded to general contractors, one to a roofing contractor, and one to Champion Industrial Contractors (Champion) for heating, ventilation and air conditioning (HVAC) repairs. Job Order Contracting is permissible under California Public Contract Code Section 20128.5, which allows counties to award contracts for replacement, repair, remodeling, and other routine work. Firms who participate in this program bid to fixed unit pricing for construction tasks.

The Public Contract Code allows a not-to-exceed amount of \$5,402,866 per contract. The Board of Supervisors approved an initial not-to-exceed amount of \$2 million for Champion's contract in year two of the GSA's JOC program.

On June 28, 2022, the Board of Supervisors approved proceeding with the repair and replacement of the Sheriff's Operation Center heating, ventilation, and air conditioning system. This system is original to the building and is over 20 years old and is needing constant repairs and maintenance. On November 29, 2022, the Board subsequently approved an updated project budget. Staff are recommending using Champion to complete this system repair/replacement utilizing the Job Order Contract.

To proceed, staff are requesting to increase the not-to-exceed amount in Champion's JOC Contract from \$2 million to \$4.5 million. If approved, this will allow Champion to complete this project, which has an estimated construction cost of \$2.4 million, along with other projects planned by GSA over the next year. Increasing the contract amount with Champion does not guarantee the County will proceed with the full not-to-exceed amount in the contract. Future projects with Champion will be funded by project budgets approved by the Board in previous actions or in future agenda items.

POLICY ISSUE:

The County's Purchasing and Salvage Policy authorizes the County Purchasing Agent to execute contracts whose value is \$200,000 or less. Agreements, including amendments, whose value exceeds this threshold require Board of Supervisors' approval, based upon California Government Code §25212, et seq, and §25502.5, et seq., which establishes the powers of the Board of Supervisors and the Purchasing Agent.

FISCAL IMPACT:

There is no additional fiscal impact requested with these recommended actions. The Board of Supervisors approved a project budget of \$2.7 million for repair/replacement of the Sheriff's Operation Center HVAC system on November 29, 2022. Future projects with Champion will be paid for using project budgets approved by the Board of Supervisors.

BOARD OF SUPERVISORS' PRIORITY:

The recommended actions are consistent with the Board's priorities of *Supporting a Strong and Safe Community*, *Delivering Efficient Public Services* and *Enhancing Community Infrastructure* by ensuring that County facilities are properly maintained, have modern and reliable mechanical infrastructure to ensure continuous operations and services are accessible to the citizens and employees of Stanislaus County.

STAFFING IMPACT:

There is no additional staffing impact associated with these recommendation actions.
