THE BOARD OF SUPERVISORS OF THE COUNTY OF STANISLAUS
AGENDA ITEM

DEPT: Public Works

BOARD AGENDA:6.C.1
AGENDA DATE: January 7, 2025

CONSENT: ☑

CEO CONCURRENCE: YES

4/5 Vote Required: No

SUBJECT:

Approval to Set a Public Hearing on January 28, 2025 at the 9:00 AM Meeting to Consider Revising the Load-Carrying Capacity of the Tully Road Bridge Over the Modesto Irrigation District Main Canal Per Section 35751 of the California Vehicle Code

STAFF RECOMMENDATION:

1. Set a public hearing on January 28, 2025, at the 9:00 a.m. meeting, to consider revising the load-carrying capacity of the Tully Road Bridge over the Modesto Irrigation District Main Canal per Section 35751 of the California Vehicle Code.
2. Authorize the Clerk of the Board to publish the notice as required by law.

DISCUSSION:

The Tully Road Bridge was built in 1924 and consists of a two-span reinforced concrete (RC) T-girder on RC pier walls and RC abutments with U-shaped wingwalls, all founded on spread foundation. The bridge was widened in 1991 utilizing a two-span continuous RC slab with similar type abutments and pier walls also on spread foundation.

During the latest biennial bridge inspection performed in September 2024, the Tully Road Bridge over Modesto Irrigation District (MID) Main Canal, the Caltrans Division of Structure Maintenance and Investigations (SM&I) found new deterioration of the bridge. Due to the newly found deterioration of Tully Road Bridge, SM&I performed new structural calculations on the bridge. These calculations show revised weight capacities for the bridge. As a result, SM&I recommends the Tully Road Bridge be weight restricted to the following:

Tully Road Bridge over MID Main Canal

Current Weight Restriction	Recommended New Weight Restriction
No restrictions	21 tons per vehicle
	33 tons per semi-trailer combination
	40 tons per truck and full trailer
	No permit loads are allowed

In accordance with California Vehicle Code Section 35754, the Department of Public Works has already posted temporary weight restriction signage at the Tully Road Bridge

in accordance with Caltrans' recommendations. Per California Vehicle Code Section 35751, staff recommends that the Board of Supervisors approve the proposed permanent weight restrictions at the Tully Road Bridge over MID Main Canal.

No temporary repairs will be made at this time for the Tully Road Bridge over MID Main Canal.

POLICY ISSUE:

California Vehicle Code Section 35751 requires the Board of Supervisors to hold a public hearing to establish new weight limitations for County owned bridges.

FISCAL IMPACT:

If changes to the existing load-carrying capacities of the Tully Road Bridge over MID Main Canal are approved, staff will modify the existing bridge signs with the new capacity information. The total cost of replacing and installing new load-carrying capacity signs will be approximately $3,000. Funding is included in the Fiscal Year 2025 Adopted Public Works Road and Bridge budget.

BOARD OF SUPERVISORS' PRIORITY:

The recommended actions are consistent with the Board's priorities of *Delivering Efficient Public Services* and *Enhancing Community Infrastructure* by ensuring the traveling public is aware of newly posted weight restrictions on County bridges.

STAFFING IMPACT:

Existing Public Works staff is overseeing this project.

- ☐ CITY
- ☑ COUNTY
- ☐ OTHER _____

PROBLEM *(Be Brief)* :

A load rating was requested to analyze the superstructure elements of the bridge in its current state of distress. A load rating analysis was performed in response to Work Request #8971 to account for wide spread spalls and exposed bottom reinforcement with section loss of approximately 15% on the reinforced concrete T-Beams.

ACTION RECOMMENDED *(By SM&I)* :

The bridge shall be posted by the County for the following loads: 21 Tons per vehicle (Type 3); 33 Tons per semi trailer combo (Type 3S2); truck and full trailer combo(Type 3-3) remains at full legal weight. Signs shall be placed at each approach per the latest version of the CA MUTCD.
No permit loads shall be allowed on this structure.

ACTION TAKEN *(By Bridge Owner)* :

☐ **Permanent Resolution, No Follow-Up Required** ☐ **Temporary Resolution, Follow-Up Required: every** ☐ **month(s)**

OPERATIONAL RESTRICTIONS: ☐ **NO** ☑ **YES *(Describe)***

Traffic shall be limited to the maximum loads listed above.
