County Clerk
 County of: Stanislaus
 Address: 1021 I Street, Suite 101
 Modesto, CA 95354

From:

Public Agency: Stanislaus County DER
 Address: 3800 Cornucopia Way, Suite C
 Modesto, CA 95358
 Contact: Walter Ward, Water Resources Manager
 Phone: (209) 525-6710

Lead Agency: Same as above.

SUBJECT: Filing of Notice of Determination in compliance with Section 21108 or 21152 of the Public Resources Code.

State Clearinghouse Number (if submitted to State Clearinghouse: 2021020262
 Project Title: Well Permit Application No. 2020-118
 Project Applicant: Devin Robert Gioletti (209) 545-1185
 Project Location (include county): 118 N. Blaker Rd. Turlock, CA 95380
 Project Description:

In 2017, Stanislaus County completed a CEQA Initial Study (IS) to evaluate potential environmental impacts associated with expanding operations at the Robert Gioletti & Sons Dairy (Dairy). The 2017 IS determined that the proposed expansion would result in less than significant impacts to environmental resources, and a Conditional Use Permit (CUP) was issued for the Dairy expansion.

The Dairy has determined that a new supply well is required to meet the operating water demand. This Supplement IS evaluates impacts associated with permitting installation and operation of a new supply well. The existing barn and cooling water demand for the operation is met by two wells located west of the main dairy complex on the north side of West Main Street (Well 1 and Well 2, respectively). These wells extract water from the confined aquifer system that underlies the Corcoran Clay. The proposed well will be located at the main Dairy complex at 9769 W. Main Street (APN 022-041-006). Operation of the proposed well would thus shift some or all of the groundwater pumping to meet the Dairy water demand from the confined to the unconfined aquifer systems.

This is to advise that the Stanislaus County Department of Environmental Resources has approved the

(Lead Agency or Responsible Agency)

above described project on March 24, 2021 and has made the following determinations regarding the above described project.

1. The project [will will not] have a significant effect on the environment.
2. An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.
 A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation Measures [were were not] made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan Measures [was was not] adopted for this project.
5. A statement of Overriding Considerations [was was not] adopted for this project.
6. Findings [were were not] made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval, or the Negative Declaration is available to the General Public at:
