Reasons why project is exempt:

This project is covered by the general rule that CEQA applies only to projects which have the potential for causing a significant effect on the environment. Here, continuation of transferring pre-1914 conserved water to CVP districts is continuation of the status quo, and it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment; therefore, the activity is not subject to CEQA. (CEQA Guidelines, §15061.) In addition the transfer is exempt from CEQA pursuant to the Class 1 Exemption for existing facilities (CEQA Guidelines §15301).
