

Stay on top of SGMA

Take Flow Meter Pictures,
AI takes care of the rest

Instant water tracking on your phone.
WaterOne App helps you budget water,
manage allocations, minimize penalties, and
plan for the future simply by taking photos.
Comes with latest GSA rules pre-installed.

No Telemetry?
No Problem

No Cellular
Needed

Spanish
Available

"I don't want to pay for a water consultants or telemetry, I can't attend 3 hour GSA meetings in the middle of the day — now I can manage SGMA, just using my phone."

We meet the requirements of the U.S. Cybersecurity and Infrastructure Security Agency's Secure by Design pledge.
