Notes:

1. This DRAFT structure has been developed by a subset of those potentially impacted and shall be thoroughly vetted by all impacted. As a result and following general consensus amongst the TAC, it is recommended that any proposed governance structure be subject to a 90 day review by each of the four proposed sub-basin governance entities shown above.
2. There is much interpretation of the legislation yet to be completed and thus the DRAFT governance structure shown above is subject to further revision and modification.
