

CERS Submittal Walkthrough

Ruben Hernandez
Hazardous Materials Specialist
Stanislaus County

A Little of History

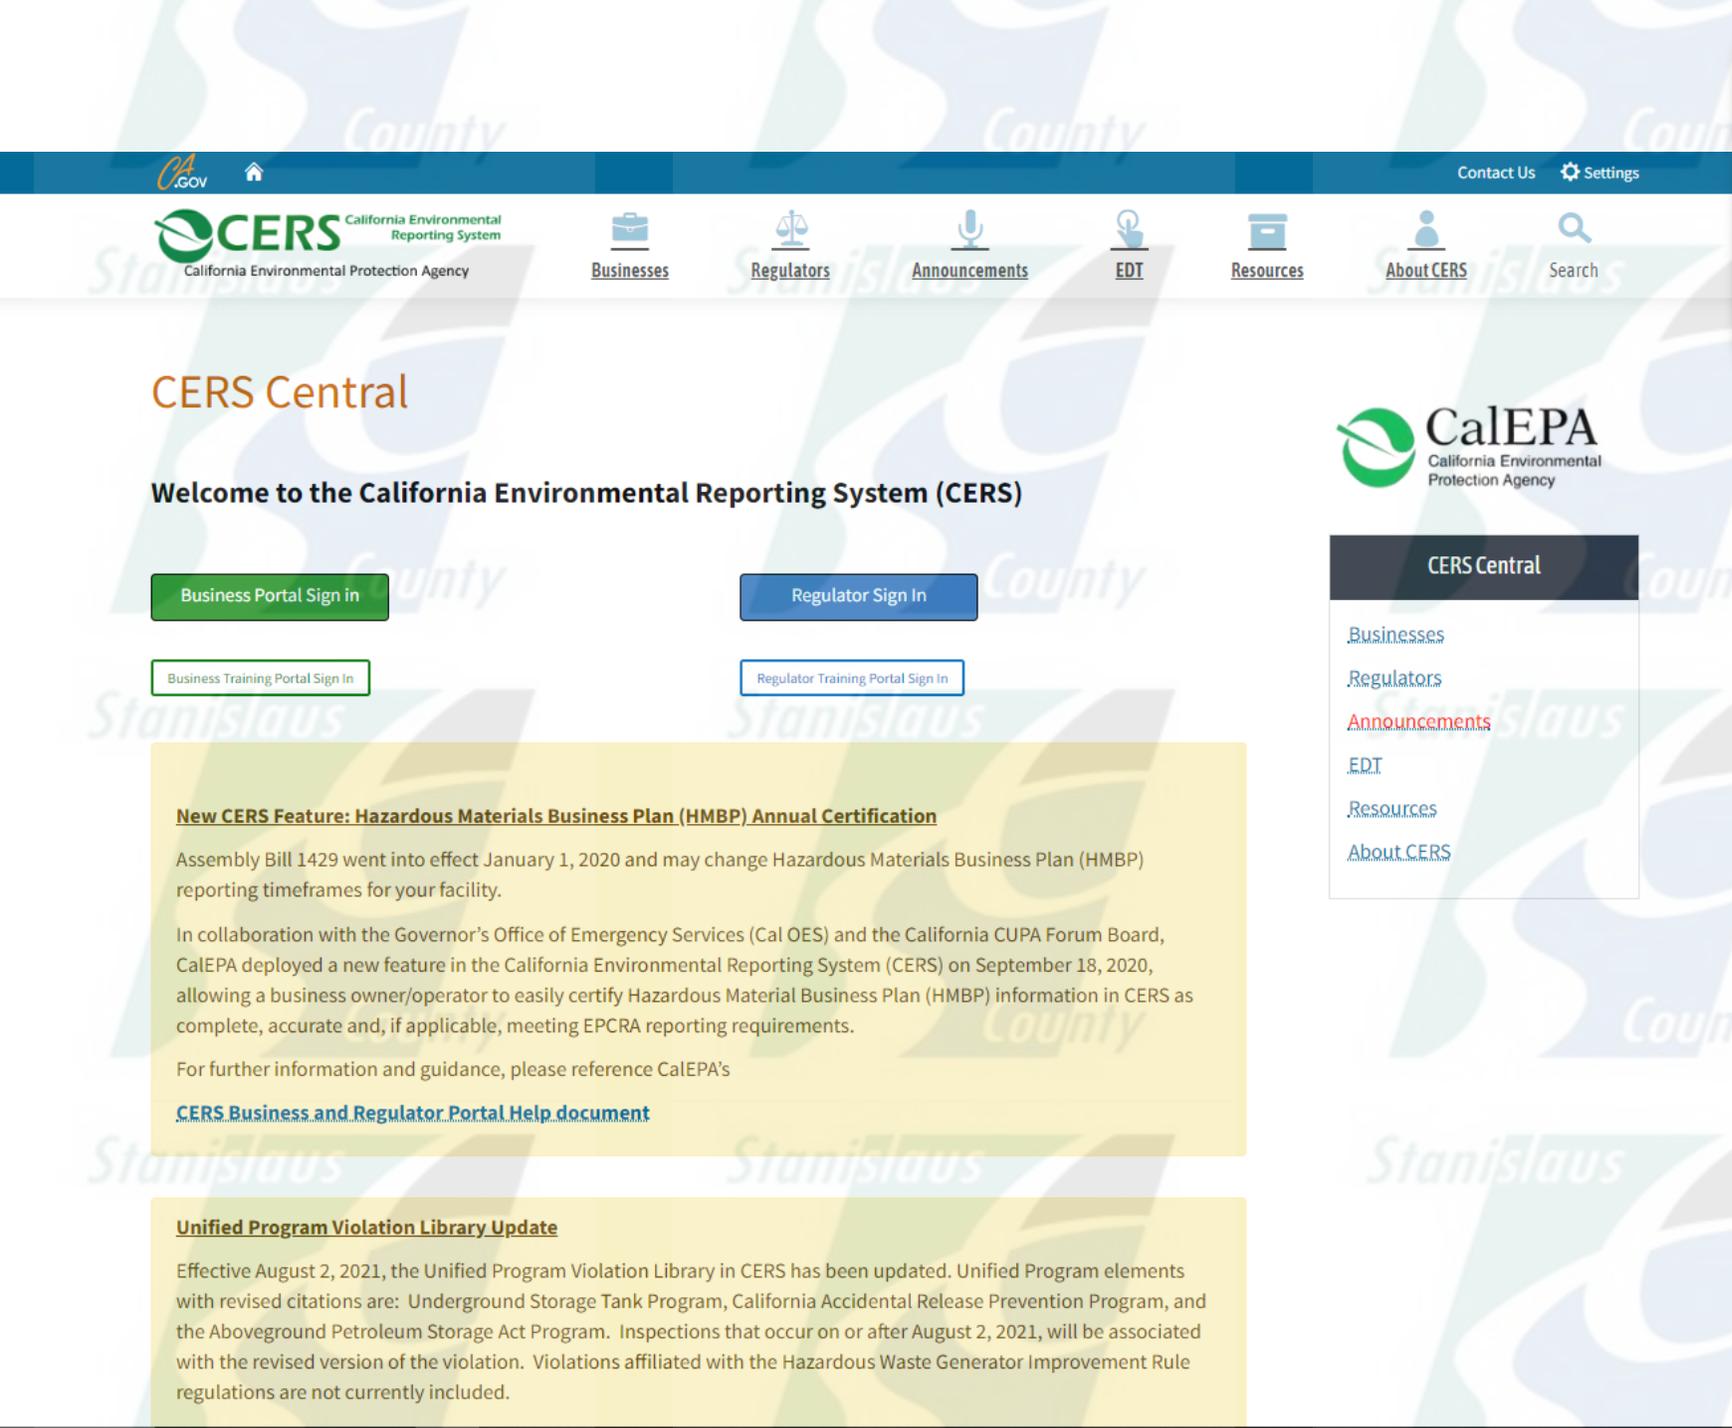

- ▶ Assembly Bill 2286 signed by Gov. Arnold Schwarzenegger, effective January 1, 2009 - Required UP regulated businesses and local regulating Unified Program Agencies (UPAs) to report and submit mandatory UP information, previously filed by paper forms, electronically through CERS or a local UPA portal
- ▶ UP information required to be submitted and reported electronically to CERS includes but is not limited to facility data regarding hazardous material regulatory activities (HMBPs), USTs, Aboveground Storage Tank (APSA) hazardous waste generation and inspection, compliance and enforcement actions
- ▶ CERS - California Environmental Reporting System
- ▶ <https://cers.calepa.ca.gov/>

Key Point

- ▶ All CERS submittal elements need to be submitted yearly, regardless of whether there has been changes since the last submittal. **All submittals must be “accepted” by your local regulator for them to count as your annual certification.**

New CERS Feature: Hazardous Materials Business Plan (HMBP) Annual Certification

Assembly Bill 1429 went into effect January 1, 2020 and may change Hazardous Materials Business Plan (HMBP) reporting timeframes for your facility.

In collaboration with the Governor's Office of Emergency Services (Cal OES) and the California CUPA Forum Board, CalEPA deployed a new feature in the California Environmental Reporting System (CERS) on September 18, 2020, allowing a business owner/operator to easily certify Hazardous Material Business Plan (HMBP) information in CERS as complete, accurate and, if applicable, meeting EPCRA reporting requirements.

For further information and guidance, please reference CalEPA's

[CERS Business and Regulator Portal Help document](#)

Unified Program Violation Library Update

Effective August 2, 2021, the Unified Program Violation Library in CERS has been updated. Unified Program elements with revised citations are: Underground Storage Tank Program, California Accidental Release Prevention Program, and the Aboveground Petroleum Storage Act Program. Inspections that occur on or after August 2, 2021, will be associated with the revised version of the violation. Violations affiliated with the Hazardous Waste Generator Improvement Rule regulations are not currently included.

CERS Business

CERS is a statewide, web-based system to support businesses and Unified Program Agencies with electronically reporting, collecting, and managing hazardous materials-related data as mandated by the California Health and Safety Code. To learn more about CERS and the Unified Program, see [CERS Central](#).

Prepare Draft Submittal: Pizza Factory

[Home](#) » Prepare Submittal (10180619)

Instructions/Help

Use this page to prepare draft submittals for your facility to transmit to your local regulator(s), prepare a complete draft HMBP (Facility Information, HMI, E RTP) automatically from your last submittal for submission to your regulator(s) for review, or certify your last HMBP submittal. Make sure to review any status and guidance messages for your forms or submittals by selecting the guidance icons   .

- Select "Start" button to create a submittal from scratch or copied from a previous submittal.
- Select "New" and "Edit" buttons to complete specific submittal forms or provide supplemental documentation.
- Select "Discard" button to delete a draft form/documentation when you need to re-start a form or it is no longer relevant for your draft submittal.
- Select "Not Applicable" if you believe the submittal element is no longer relevant for your facility (e.g., closed UST tank).
- Select "Submit" when you are ready to transmit one or more submittals to your local regulator(s). ALL submittals must include a Facility Information element.
- Use the Certify feature to certify your last submitted HMBP (AB 1429). Facility must meet eligibility requirements.
- Use the Create All HMBP Submittal Elements feature to automatically prepare a complete draft HMBP (Facility Information, HMI, E RTP) from your last submittal for submission to your regulator(s) for review.

 **Training Use Only! Perform Official Submittals [Here](#)** 

Annual HMBP Certification (AB 1429)

This feature allows a business owner/operator to annually certify that the information in their last HMBP submittal in CERS is complete, accurate, and complies with EPCRA, if applicable. This option may only be used for facilities that meet the eligibility requirements for annual certification, and that are not subject to EPCRA reporting or APSA requirements. Please click [here](#) to review eligibility requirements. **It is strongly advised that you carefully review your last HMBP submittal for accuracy before certifying.**

[Certify](#)

Create All HMBP Submittal Elements

This feature allows a business owner/operator to prepare a complete draft HMBP (Facility Information, HMI, E RTP) automatically from your last submittal for submission to your regulator for review. This option should only be used if you are not eligible to certify, there are no changes to your last submitted HMBP elements, and those HMBP elements do not have a status of "Not Accepted."

Site Identification

Facility Name	CERS ID	
Pizza Factory	10180619	
Business Site Address	EPA ID Number	
1234 I Love Pizza Way	12345678910T	
Merced, CA 95301		
County: Merced		

Hazardous Materials

Does your facility have on site (for any purpose) at any one time, hazardous materials at or above 55 gallons for liquids, 500 pounds for solids, or 200 cubic feet for compressed gases (include liquids in ASOs and USAs), or is regulated under more restrictive local inventory reporting requirements (shown below if present), or the applicable federal threshold quantity for an extremely hazardous substance specified in 40 CFR Part 300, Appendix A or B, or handle radiological materials in quantities for which an emergency plan is required pursuant to 10 CFR Parts 30, 40 or 70? Yes

Underground Storage Tank(s) (UST)

Does your facility own or operate underground storage tanks? No

Hazardous Waste

Does your facility generate Hazardous Waste? Yes

If yes, provide an EPA Identification Number (EPA ID).

Does your facility treat hazardous waste on-site? No

Is your facility's treatment subject to financial assurance requirements (for permit by Rule or Conditional Authorization)? No

Does your facility commingle hazardous waste generated at a remote site? No

If yes, provide an EPA Identification Number (EPA ID).

Does your facility need to report the dewatering of a tank that was classified as hazardous waste and cleared on-site? No

Does your facility generate in any single calendar month 1,000 kilograms (kg) (2,200 pounds) or more of RCRA (federally-regulated) hazardous waste, or generate in any single calendar month greater than 1 kg (2.2 pounds) of RCRA waste hazardous waste, or generate more than 100 kg (220 pounds) of spill cleanup materials commingled with RCRA waste hazardous waste. Do not check this if you only generate non-RCRA waste. No

If yes, provide an EPA Identification Number (EPA ID), file Quarterly Report (EPA Form 8700-13A/B), and satisfy requirements for RCRA Large Quantity Generator.

Is your facility a Household Hazardous Waste (HHW) Collection site? No

If yes, see CUIA for required forms.

Included and/or Exempted Materials

Does your facility recycle more than 100 kg/month of excluded or exempted recyclable materials (per MSC 25143.2)? No

Aboveground Petroleum Storage

Does your facility own or operate aboveground petroleum storage tanks or containers AND: No

- have a total aboveground petroleum storage capacity of 1,320 gallons or more, OR
- have one or more petroleum tanks in an underground area?

Regulated Substances

Does your facility have Regulated Substances stored onsite in quantities greater than the threshold quantities established by the California Accidental Release Prevention (CalARP) Program? No

If yes, coordinate with your local agency responsible for CalARP. CERS does not currently support any data entry or document uploads for CalARP.

Additional Information

Provide any additional information as necessary and/or required by your local regulator(s).

CA DTSC Electronic Verification Questionnaire (EVQ) System

- ▶ Required by CA HSC §25205.15 and § 25205.16
- ▶ Failure to complete the EVQ will result in inactivation of EPA ID numbers

The screenshot shows the home page of the CA DTSC Electronic Verification Questionnaire (EVQ) System. The page features a blue header with navigation links: "CA.gov", "Home", "Contact Us", "Log In", "Register", and "Forgot user name/password?". Below the header, the California Department of Toxic Substances Control logo is displayed, along with the text "Electronic Verification Questionnaire (eVQ) System" and a "Contact Us" link. The main content area is titled "Welcome to eVQ System Home Page" and contains a yellow box with the following text:

2017 Identification Number Verification Questionnaire Cycle
Report Cycle Closed

The 2018 electronic Verification Questionnaire (eVQ) cycle will begin mid 2018 (date to be determined). Starting that day, access to the system will be open and users will be able to complete the questionnaire.

The electronic Verification Questionnaire (eVQ) system is currently closed.

Not required to complete the 2017 eVQ?
If your ID Number(s) were already inactive due to non-completion of a prior year's eVQ, then you must submit [DTSC Form 1358](#) to reactivate your ID Number(s).

Have a federal EPA ID Number?
To reactivate a federal EPA ID Number, you must complete the 2017 eVQ and submit an EPA Form 8700-12. Federal EPA ID Numbers will not be reactivated without submission of EPA Form 8700-12. A DTSC Form 1358 will not be accepted to reactivate your federal EPA ID Number(s).

You may also use the myRCRAid module to make updates to your federal EPA ID Number(s) profile. For assistance with myRCRAid, please email myRCRAid@dtsc.ca.gov.

PLEASE NOTE: If you are a Transporter with a federal EPA ID Number, you must submit a paper "wet" signature EPA Form 8700-12 to DTSC, ATTN: HW Transporter Registration, 1001 I Street, MS 11-A, Sacramento, CA 95814 for any reactivations or updates.

You can check the status of your ID Number by going to www.hwts.dtsc.ca.gov under Reports. Then click on the [EPA ID Profile Report For a Specific Company](#) link.

At the bottom of the page, there are three buttons: "Log Into eVQ System", "Request New eVQ Account", and "Forgot user name/password?". Below these buttons, the text "What is the purpose of the Annual EPA ID Number Verification Questionnaire?" is visible, followed by a horizontal line.

Prepare Draft Submittal: Pizza Factory

Instructions/Help

Use this page to prepare draft submittals for your facility to transmit to your local regulator(s), prepare a complete draft HMBP (Facility Information, HMI, ERT) automatically from your last submittal for submission to your regulator(s) for review, or certify your last HMBP submittal. Make sure to review any status and guidance messages for your forms or submittals by selecting the guidance icons.

- Select "Start" button to create a submittal from scratch or copied from a previous submittal.
- Select "New" and "Edit" buttons to complete specific submittal forms or provide supplemental documentation.
- Select "Discard" button to delete a draft form/documentation when you need to re-start a form or it is no longer relevant for your draft submittal.
- Select "Not Applicable" if you believe the submittal element is no longer relevant for your facility (e.g., closed UST tank).
- Select "Submit" when you are ready to transmit one or more submittals to your local regulator(s). ALL submittals must include a Facility Information element.
- Use the Certify feature to certify your last submitted HMBP (AB 1429). Facility must meet eligibility requirements.
- Use the Create All HMBP Submittal Elements feature to automatically prepare a complete draft HMBP (Facility Information, HMI, ERT) from your last submittal for submission to your regulator(s) for review.

! Training Use Only! Perform Official Submittals [Here](#) !

Annual HMBP Certification (AB 1429)

This feature allows a business owner/operator to annually certify that the information in their last HMBP submittal in CERS is complete, accurate, and complies with EPCRA, if applicable. This option may only be used for facilities that meet the eligibility requirements for annual certification, and that are not subject to EPCRA reporting or APSA requirements. Please click [here](#) to review eligibility requirements. It is strongly advised that you carefully review your last HMBP submittal for accuracy before certifying.

Prepare Draft Submittal: Pizza Factory

Home » Prepare Submittal (10180619)

Instructions/Help

Use this page to prepare draft submittals for your facility to transmit to your local regulator(s), prepare a complete draft HMBP (Facility Information, HMI, E RTP) automatically from your last submittal for submission to your regulator(s) for review, or certify your last HMBP submittal. Make sure to review any status and guidance messages for your forms or submittals by selecting the guidance icons.

- Select "Start" button to create a submittal from scratch or copied from a previous submittal.
- Select "New" and "Edit" buttons to complete specific submittal forms or provide supplemental documentation.
- Select "Discard" button to delete a draft form/documentation when you need to re-start a form or it is no longer relevant for your draft submittal.
- Select "Not Applicable" if you believe the submittal element is no longer relevant for your facility (e.g., closed UST tank).
- Select "Submit" when you are ready to transmit one or more submittals to your local regulator(s). ALL submittals must include a Facility Information element.
- Use the Certify feature to certify your last submitted HMBP (AB 1429). Facility must meet eligibility requirements.
- Use the Create All HMBP Submittal Element feature to create all submittal elements from your last submittal for submission to your regulator(s) for review.

Annual HMBP Certification (AB 1429)

This feature allows a business owner/operator to annually certify that the information in their last HMBP submittal in CERS is complete, accurate, and complies with EPCRA, if applicable. This option may only be used for facilities that meet the eligibility requirements for annual certification, and that are not subject to EPCRA reporting or APSA requirements. Please click [here](#) to review eligibility requirements. **It is strongly advised that you carefully review your last HMBP submittal for accuracy before certifying.**

Reportable Hazardous Materials

- ▶ Each chemical, mixture, or waste listed in the Hazardous Materials Inventory section of CERS will be considered separately for its reportable quantity. For each chemical, add all amounts from all containers at their maximum amount. Compare the total to the following thresholds
 - ▶ Liquids: 55 gallons
 - ▶ Solids: 500 pounds
 - ▶ Gases: 200 cubic feet
- ▶ If the chemical meets or exceeds the threshold, it must be entered to the CERS Inventory.

Physical State H&SC § 25507 (B)

- ▶ For the purpose of this section, for compressed gases, if a hazardous material or mixture is determined to **exceed threshold quantities at standard temperature and pressure**, it shall be **reported in the physical state at which it is stored**. If the material is an extremely hazardous substance, as defined in Section 355.61 of Title 40 of the Code of Federal Regulations, all amounts shall be reported in pounds.
- ▶ For Example:
 - ▶ ~6 gallons of Propane is equal to 200 cubic feet at STP, but Propane is typically stored under pressure as a liquid.

Hazardous Material Inventory: Pizza Factory

Home » Prepare Submittal (10180619) » HazMaterials Inventory: Hazardous Material Inventory (Draft)

Instructions/Help

You must enter a separate inventory record for each individual hazardous material and hazardous waste that you handle at your facility in an aggregate quantity subject to Hazardous Material Business Plan (HMBP) reporting requirements (or as required by your local regulator). The completed inventory must reflect all hazardous materials at your facility, reported separately for each building or outside storage area, with separate entries for unique occurrences of physical state, storage temperature, storage pressure.

- New Inventory** Select **Add Material** to manually enter new materials for your facility, or select **Upload Inventory** to upload a spreadsheet of your entire inventory.
- Update Inventory** Review your facility's entire inventory to make sure it reflects your current hazardous materials management practices. Select **Search Inventory** to find previously entered materials needing updating. Replace (or append to) your current inventory by selecting **Upload Inventory**."
- Inventory Complete?** Review any status and guidance messages for your forms or submittals by selecting the guidance icons   . Then select **Done** when you have completed reviewing/updating your facility's inventory.

Hazardous Material Inventory: Pizza Factory

Home » Prepare Submittal (10180619) » HazMaterials Inventory: Hazardous Material Inventory (Draft)

Instructions/Help

You must enter a separate inventory record for each individual hazardous material and hazardous waste that you handle at your facility in an aggregate quantity subject to Hazardous Material Business Plan (HMBP) reporting requirements (or as required by your local regulator). The completed inventory must reflect all hazardous materials at your facility, reported separately for each building or outside storage area, with separate entries for unique occurrences of physical state, storage temperature, storage pressure.

- New Inventory** Select **Add Material** to manually enter new materials for your facility, or select **Upload Inventory** to upload a spreadsheet of your entire inventory.
- Update Inventory** Review your facility's entire inventory to make sure it reflects your current hazardous materials management practices. Select **Search Inventory** to find previously entered materials needing updating. Replace (or append to) your current inventory by selecting **Upload Inventory**."
- Inventory Complete?** Review any status and guidance messages for your forms or submittals by selecting the guidance icons . Then select **Done** when you have completed reviewing/updating your facility's inventory.

Prepare Draft Submittal: Pizza Factory

Home » Prepare Submittal (10180619)

Instructions/Help

Use this page to prepare draft submittals for your facility to transmit to your local regulator(s), prepare a complete draft HMBP (Facility Information, HMI, E RTP) automatically from your last submittal for submission to your regulator(s) for review, or certify your last HMBP submittal. Make sure to review any status and guidance messages for your forms or submittals by selecting the guidance icons   .

- Select "Start" button to create a submittal from scratch or copied from a previous submittal.
- Select "New" and "Edit" buttons to complete specific submittal forms or provide supplemental documentation.
- Select "Discard" button to delete a draft form/documentation when you need to re-start a form or it is no longer relevant for your draft submittal.
- Select "Not Applicable" if you believe the submittal element is no longer relevant for your facility (e.g., closed UST tank).
- Select "Submit" when you are ready to transmit one or more submittals to your local regulator(s). ALL submittals must include a Facility Information element.
- Use the Certify feature to certify your last submitted HMBP (AB 1429). Facility must meet eligibility requirements.
- Use the Create All HMBP Submittal Elements feature to automatically prepare a complete draft HMBP (Facility Information, HMI, E RTP) from your last submittal for submission to your regulator(s) for review.

 **Training Use Only! Perform Official Submittals [Here](#)** 

Annual HMBP Certification (AB 1429)

This feature allows a business owner/operator to annually certify that the information in their last HMBP submittal in CERS is complete, accurate, and complies with EPCRA, if applicable. This option may only be used for facilities that meet the eligibility requirements for annual certification, and that are not subject to EPCRA reporting or APSA requirements. Please click [here](#) to review eligibility requirements. **It is strongly advised that you carefully review your last HMBP submittal for accuracy before certifying.**

Prepare Draft Submittal: Pizza Factory

Instructions/Help

Use this page to prepare draft submittals for your facility to transmit to your local regulator(s), prepare a complete draft HMBP (Facility Information, HMI, ERT) automatically from your last submittal for submission to your regulator(s) for review, or certify your last HMBP submittal. Make sure to review any status and guidance messages for your forms or submittals by selecting the guidance icons.

- Select "Start" button to create a submittal from scratch or copied from a previous submittal.
- Select "New" and "Edit" buttons to complete specific submittal forms or provide supplemental documentation.
- Select "Discard" button to delete a draft form/documentation when you need to re-start a form or it is no longer relevant for your draft submittal.
- Select "Not Applicable" if you believe the submittal element is no longer relevant for your facility (e.g., closed UST tank).
- Select "Submit" when you are ready to transmit one or more submittals to your local regulator(s). ALL submittals must include a Facility Information element.
- Use the Certify feature to certify your last submitted HMBP (AB 1429). Facility must meet eligibility requirements.
- Use the Create All HMBP Submittal Elements feature to automatically prepare a complete draft HMBP (Facility Information, HMI, ERT) from your last submittal for submission to your regulator(s) for review.

⚠ Training Use Only! Perform Official Submittals [Here](#) ⚠

Annual HMBP Certification (AB 1429)

This feature allows a business owner/operator to annually certify that the information in their last HMBP submittal in CERS is complete, accurate, and complies with EPCRA, if applicable. This option may only be used for facilities that meet the eligibility requirements for annual certification, and that are not subject to EPCRA reporting or APSA requirements. Please click [here](#) to review eligibility requirements. It is strongly advised that you carefully review your last HMBP submittal for accuracy before certifying.

Subject: [Training] Hazardous Materials Inventory for CERS ID 10170059 Not Accepted By Regulator

DO NOT REPLY directly to this automated email sent from the CERS System. Direct any response to your local regulator.

Your **Hazardous Materials Inventory** submittal on *March 16, 2018* for *Facility 1* (CERS ID 10170059) was **Not Accepted** by *Stanislaus County Environmental Resources* on *March 21, 2018*. This indicates the regulator has reviewed the submittal element and finds the data/documents do not meet state and local reporting requirements. The regulator's review comments are shown below.

At the last HMBP inspection it was observed that your facility has four 55-gallon drums of used oil onsite. Please update the maximum daily amount for used oil to read "220 gallons". If you have any questions, feel free to contact me. Aron, 209-409-2975. Thanks.

Facility Name: Facility 1
CERS ID: 10170059
Facility Address: 1234 Example St, Modesto, CA 95350

This is an automated email sent from the CERS System. Please DO NOT REPLY.

This is a courtesy email sent to you from the California Environmental Reporting System

<http://cers.calepa.ca.gov>

Contact: [CERS Technical Assistance \(cers@calepa.ca.gov\)](mailto:CERS.Technical.Assistance@calepa.ca.gov)

--SRMK4Q5--

If a submittal element is “not accepted”, your notification email will state that. It will also include a detailed message from your regulator regarding the corrective actions that are needed.

You can adjust the different levels of Permission.

Common Mistakes

- ▶ Using Obsolete Federal Hazard Categories
- ▶ Largest Container is greater than the Maximum Daily Amount.
- ▶ Using Cubic Feet instead of gallons for Propane
- ▶ Not Filling out the Property Owner information.
- ▶ Duplicate Documents
- ▶ Duplicating a CERS ID for the same facility.
- ▶ Site Map missing information
- ▶ Not fully completing the required fields for the Chemical Inventory (i.e. largest container, mixtures without components, storage temp and pressure, Federal Hazard Category, etc.)

Things to Remember

- ▶ Any submittal section that is in red has corrections that need to be made before that section can be submitted.
- ▶ Facility Site Maps and Emergency Response Plans need to be uploaded into CERS.
- ▶ The “Facility Information” section needs to accompany all other submittal sections.
- ▶ All “significant changes” need to be updated within 30 days.

Significant Changes

- ▶ A change in the “Owner/Operator Information” section
- ▶ A change in your facility’s EPA ID Number
- ▶ The addition or removal of any chemical in your inventory
- ▶ An increase of 100% or more of the maximum daily amount for any one chemical in your inventory.
- ▶ Changes in your facility’s operations that necessitate the amending of the facility Site Map or Emergency Response Plan.
