SITE RULES

ALL CUSTOMERS USING THE FINK ROAD LANDFILL MUST OBEY THE FOLLOWING RULES:

1. **SAFETY FIRST.** Signs are posted, and rules are strictly enforced.
2. For your safety and ours, please keep all children and pets in your vehicle. This facility is considered a construction area. As such, large trucks and equipment will be moving all over the landfill.
3. Do not travel outside the area in which you have been designated to unload your vehicle. Please remember that you're at a landfill and always be aware of your surroundings.
4. While unloading, refrain from throwing objects from your vehicle. It is unsafe for you and for those around you.
5. Do not back up your vehicle and slam on the breaks to dislodge your load. Doing so is very unsafe to you and those around you. (If special handling is required, please call ahead of time before coming to the site).
6. Unacceptable and/or hazardous wastes cannot be accepted at the landfill. Most of the communities in Stanislaus County have a designated area for these types of waste. We would be pleased to give you information on where to dispose of these items. Feel free to ask the scale house attendant or the traffic director/spotter at the tipping area.
7. Salvaging is strictly prohibited.
8. **UNAUTHORIZED AREAS ARE STRICTLY OFF LIMITS.**
9. **All** California State vehicle codes are strictly enforced within the landfill.
10. **All** loads shall be covered or properly contained, or a double disposal fee may be charged. This is not only the law, but it helps keep our roadsides clear of debris.
