Building/Permit/OTC/General Inspection - Fire

BLD2020-0542	043-015-013	1342 1ST ST		3/10/2020	3/10/2020	
	Jan 22, Fire destruction to off building of the business. The building is not used for the business, but power was initially turned off. Electrical and gas have been inspected and restored. I was told that I need a general fire inspection before the permanent electrical inspection and permit can be performed and issued (I presently have a 90 day electrical permit). My only goal with this inspection is to get the permanent electrical permit. Thank you
