

STANISLAUS COUNTY

COMMUNITY CORRECTIONS PARTNERSHIP

Meeting Minutes

Thursday – November 14, 2024

Stanislaus County Probation Department

Members/Staff Present

Mark Ferriera, Chief Probation Officer, Chair, Probation Department
Ivan Valencia for Brandon Gillespie, Modesto Police Department
Doris Foster, Workforce Development
Kevin Panyanonvong for Tony Vartan, Director, Behavioral Health and Recovery Services
Jennifer Jennison, Public Defender's Office
Gina Machado, Center for Human Services
Jeff Laugero, District Attorney's Office
Terry Withrow, Board of Supervisors
La Tosha Walden for Christine Huber, Community Services Agency
Saundra Day for Scott Kuykendall, Stanislaus County Office of Education
Yvette Ramirez, District Attorney's Office
Lizbeidy Solorio, Stanislaus County Sheriff's Office
Brittney Bailey, Stanislaus County Sheriff's Office
Tracie Martin, Assistant Chief Probation Officer, Probation Department
Elise Price, Supervising Probation Officer, Probation Department
Michael Walker, Realignment Manager, Probation Department
Trisha Birchard, Crime Analyst, Probation Department
Vanessa Bravo, Crime Analyst, Probation Department
Raul Dominguez, CARE Manager, Probation Department
Jeremy Green, Leaders in Community Alternatives
Consuelo Guzman, Leaders in Community Alternatives
Melissa Norvise, Nirvana
Vanessa Carmona, Learning Quest
Abraham Andres, Behavioral Health and Recovery Services
Melody Pannell, Behavioral Health and Recovery Services
Michael Hammond, Modesto Police Department
Chylo Williams, Modesto Police Department
Bob Meredith, Modesto Police Department

Members Absent

Stephanie Kennedy for Hugh Swift, Stanislaus County Superior Court

1. Call to Order and Introductions

Chief Probation Officer Mark Ferriera called the meeting to order at 1:31 p.m., and members of the group introduced themselves.

2. Public Comment

No one provided public comment.

3. Adoption of the Minutes from the September 12, 2024, meeting.

MOTION: District Attorney Jeff Laugero. SECOND: Doris Foster. The minutes from the September 12, 2024, meeting were approved unanimously.

4. Modesto Police Department CCP Presentation (Presentation is attached)

CHAT Crime Analyst Chylo Williams and Michael Hammond from the Modesto Police Department (MPD) presented a PowerPoint presentation on the Community Health and Assistance Team (CHAT), a program focused on supporting the MPD officers by responding to non-violent calls received through the dispatch center. The presentation included CHAT demographics and services from January 1, 2024, to October 31, 2024.

5. Behavioral Health and Recovery Services (BHRS) CCP Presentation (Presentation is attached)

Abraham Andres and Kevin Panyanouvong presented a PowerPoint presentation with an overview of the BHRS programs funded by the Community Corrections Partnership, which are designed to provide services to clients with mental health and substance use disorders specific to the level of care needed.

- Behavioral Health Services Team (BHST)
- Detention Services
- Intensive Outpatient Treatment (IOT) – Day Reporting Center
- Community Re-Integration Support Team
- Collaborative Court

Mr. Andres talked about the challenges BHRS is encountering with increased caseload ratios resulting from the significant rise in clients following COVID, noting that this has impacted how often clients are reached out to. He observed that before COVID, caseloads consistently ranged from 1280 to 1380, but now they have surged to over 2000, along with a rise in complexity. Board Supervisor Terry Withrow inquired about the most common diagnoses being encountered. Mr. Andres indicated they do not have a system that breaks down the diagnoses. However, according to staff reports, the most frequently identified diagnoses include co-occurring substance use disorders and mental health illnesses, schizophrenia, and symptoms associated with psychotic spectrum disorders.

The Intensive Outpatient Treatment Team at the Day Reporting Center has seen a significant decrease in individuals served, dropping from 147 in 2023 to 79 in 2024. Mr. Andres indicated actively looking into ways to increase the service at the DRC. He expects to have a resolution by the end of December and explained that the decline was due to changes at the state level. Chief Probation Officer Mark Ferriera expressed frustration over the lack of IOT services available to individuals on high-risk supervised caseloads needing treatment, noting that it would only make sense for these individuals to be assessed and treated in a supervised setting such as IOT-DRC. He would like to explore ways to expedite the implementation of the outpatient level of care at the DRC.

Ms. Melody Pannell, Program Manager of the Community Re-Integration Support Team, spoke about collaborating with the Public Defender's Office. The focus is on individuals with Severe Mental Illness or substance use disorders who are being released from court or the Department of State Hospitals/JBCT back into the community, ensuring they are connected to a team that can provide appropriate services.

Chief Ferriera received an update regarding the staffing of the Collaborative Court Behavioral Health Services Team, which Mr. Panyanouvong indicated is now fully staffed.

6. Program Update:

Chief Ferriera talked about modifying how program updates are communicated to a more precise and beneficial format for the group; he proposed that reporting on identifying trends, spotting issues, measuring outcomes, and highlighting new challenges would provide valuable insights. The group agreed with Chief Ferriera's suggestion. Chief Ferriera and Trisha Birchard will come together to develop a format for the CCP group to adhere to. The discussion also highlighted the significance of sharing success stories, demonstrating CCP collaboration's progress.

Chief Ferriera will work with CCP Data Analyst Trisha Birchard to develop a program update template that includes historical data on trends, issues, and outcome measures.

Probation Department:

Realignment Manager Michael Walker from the Probation Department reported the following:

- The Tattoo Removal program will be held at the Day Reporting Center on December 3rd, 2024, and January 28, 2025, from 12:30 to 3:30 p.m. Services will be provided to anyone who shows up regardless of probation status.
- The Regional Apprehension Team (RAT) operations recently included a partnership with the Modesto Police Department and are slated to include partnerships with the Sheriff's Office and Patterson SO in the upcoming weeks.
- Mr. Walker advised his plans of contacting the agencies for their CCP programming data for the FY 2025/2026 CCP Plan.
- He discussed meeting with Chandra Campbell from BHRS regarding the status of IOT services at the Day Reporting Center.

CARE Manager Raul Dominguez provided a one-year comparison, highlighting a 40% increase in services provided in the 3rd quarter of 2024 compared to 2023. The number of contacts with individuals also increased from 900 to 1260. Active CARE Clients are 100, which, when contacted, results in services rendered to non-CARE clients, too. Lastly, Raul shared a client success story.

District Attorney:

District Attorney Jeff Laugero announced the upcoming retirement of the Victim Services Unit Manager Cheryl Grogan; Holly Mackinnon will oversee the Victim Services Unit moving forward. Various staff participated in a webinar related to AB 60 to learn how to navigate and implement the right to notify victims of justice programs in the community. Lastly, a victim impact letter was read to the group in which the victim asked for her abuser not to be allowed to remove his name from the sex offender registration list.

On December 12th, 2024, at 6 p.m., the District Attorney's Annual Homicide Vigil will take place in honor of loved ones that have been tragically lost to homicide.

Public Defender's Office:

Public Defender Jennifer Jennison reported that the client support team has over 850 open cases. Tricia Birchard, Raul Dominguez, and Michael Walker from the Probation Department collaborated with the team, demonstrating their generosity. The team now has six full-time Client Support Specialists, two part-time workers, and two full-time social workers. The embedded behavioral health team is two and a half weeks into its operation and is excited about the potential for great work together. The Public Defender's office appreciates the support and collaboration from the Probation Department.

The Public Defender Pac team, a CCP-funded pair, will assist post-release individuals from jail, providing case management, medication connections, and other services. A similar team, funded by the state, will be added to the CARE Court to help those at risk of recidivating. The team has successfully housed a client in his residence for the first time in 40 years, thanks to the efforts of the client support team.

Sheriff's Office:

Brittney Bailey from the Sheriff's Office reported that the first quarter of the FY 2024-2025 included ACCI packets, BHRS, the Workforce Development, Nirvana, LCA, Learning Quest, MJC, Staff-Led courses, and hands-on vocational courses. The first semester ended in September, and graduation was held in October. The Cal ID program has approved the first batch, and the school is working on partnerships and vocational expansion projects. The new canine center and panels are almost completed.

Workforce Development:

Doris Foster reported 161 clients, which decreased to 67 this year. The average wage decreased from \$22.78 to \$18.41 from the previous year. In the first quarter of FY2024-2025, 15 individuals were employed, and 17 incarcerated individuals were enrolled in a new program that Workforce Development started with the Sheriff's Office.

Center for Human Services Agency:

Gina Machado informed the group that its outpatient behavioral health center is presently under construction, is moving very quickly and is expected to be completed in March 2025. The new program will assist individuals ages 0-25 and their families with mental health and substance use treatment and are always open to referrals for substance use treatment and mental health services.

Leaders In Community Alternatives (LCA):

Consuelo Guzman provided the following update:

LCA continues to run CBI at the Day Reporting Center. They are fully staffed with Employment Specialists. LCA also has a new vocational partner, American Builders and Contractors (ABC), focusing on connecting clients to construction, electrical, and concrete training. ABC will also provide clients with paid apprenticeships. The jail facility clients are now learning OSHA 10 classes, OSHA 20, and tool identification.

Learning Quest:

Vanessa Carmona from Learning Quest reported the following:

- 94 HSE clients in custody or attending the Day Reporting Center receive services.
- 19 previously detained clients are serviced at the Learning Quest Learning Center.
- 265 total clients enrolled in the Transitional Learning Course; 71 completed.
- Learning Quest has been assisting with the ID Program.

Learning Quest will hold a graduation ceremony on February 13, 2025.

Nirvana:

Melissa Norvise reported the following:

Nirvana has two facilities: a 36-bed men's facility for 18+ and a 16-bed women's facility for 18+. Over the past three months, they have received 29 referrals, with seven walking away. However, all others have been admitted successfully. The React Center has had three successful dorms for women and three for men. The center has fewer referrals due to its outpatient and sober living services. Four have been admitted, one walked away, and two remain there.

Ms. Norvise also reported that the annual barbecue and softball game at Davis Park had the biggest turnout ever, with over 75 graduates and current clients attending.

Stanislaus County Office of Education (SCOE):

Saundra Day shared that within the next month, SCOE will start offering a Job Skills Training program and the Adult Charter High School Program in custody. She reported that 30 adults are interested in earning their high school diploma.

7. Comments:

The Sheriff's Office and the Public Defender's Office will be presenting on their CCP-funded programs at the following CCP meeting.

8. Next Meeting:

March 20, 2025, at 1:30 p.m.

The meeting adjourned at 2:58 p.m.

C.H.A.T. Community Health and Assistance Team

ENHANCING POLICING SERVICES IN THE CITY OF MODESTO

Introduction – What is C.H.A.T.?

- ▶ **C.H.A.T. (Community Health and Assistance Team)** is a program within the Modesto Police Department that deploys **Outreach Specialists** to respond to non-violent calls received through our dispatch center.
- ▶ C.H.A.T. provides an alternative response to mental health crises, homelessness, and similar issues, ensuring **sworn officers** are available for more urgent, law enforcement-related calls.
- ▶ C.H.A.T. works closely with **Stanislaus County Social Services, non-profit organizations, the Modesto Police Department, and various systems of care.**

911 Call Response

CHAT OUTREACH SPECIALISTS RESPOND
TO QUALIFYING 911 CALLS RECEIVED
THROUGH THE DISPATCH CENTER.

CALLS INCLUDE QUALITY OF LIFE
COMPLAINTS, SAFETY CHECKS, AND
COMMUNITY SUPPORT.

Supporting Modesto Police Department

- C.H.A.T. supports Modesto Police Department by diverting Calls for Service (CFS) away from law enforcement.
- Diverting calls to C.H.A.T. increases the efficiency of the police department, ensuring that officers can focus on critical law enforcement tasks.

C.H.A.T. Diversion Rate

A monthly breakdown of all dispatched CFS, dispatched CFS C.H.A.T. responded to, and CFS diverted to C.H.A.T this year.

- ▶ C.H.A.T. responded to **3%** of all dispatched CFS.
- ▶ **2%** of all dispatched CFS are being diverted to C.H.A.T.
- ▶ **74%** of all dispatched CFS C.H.A.T. responded to are being diverted to C.H.A.T.

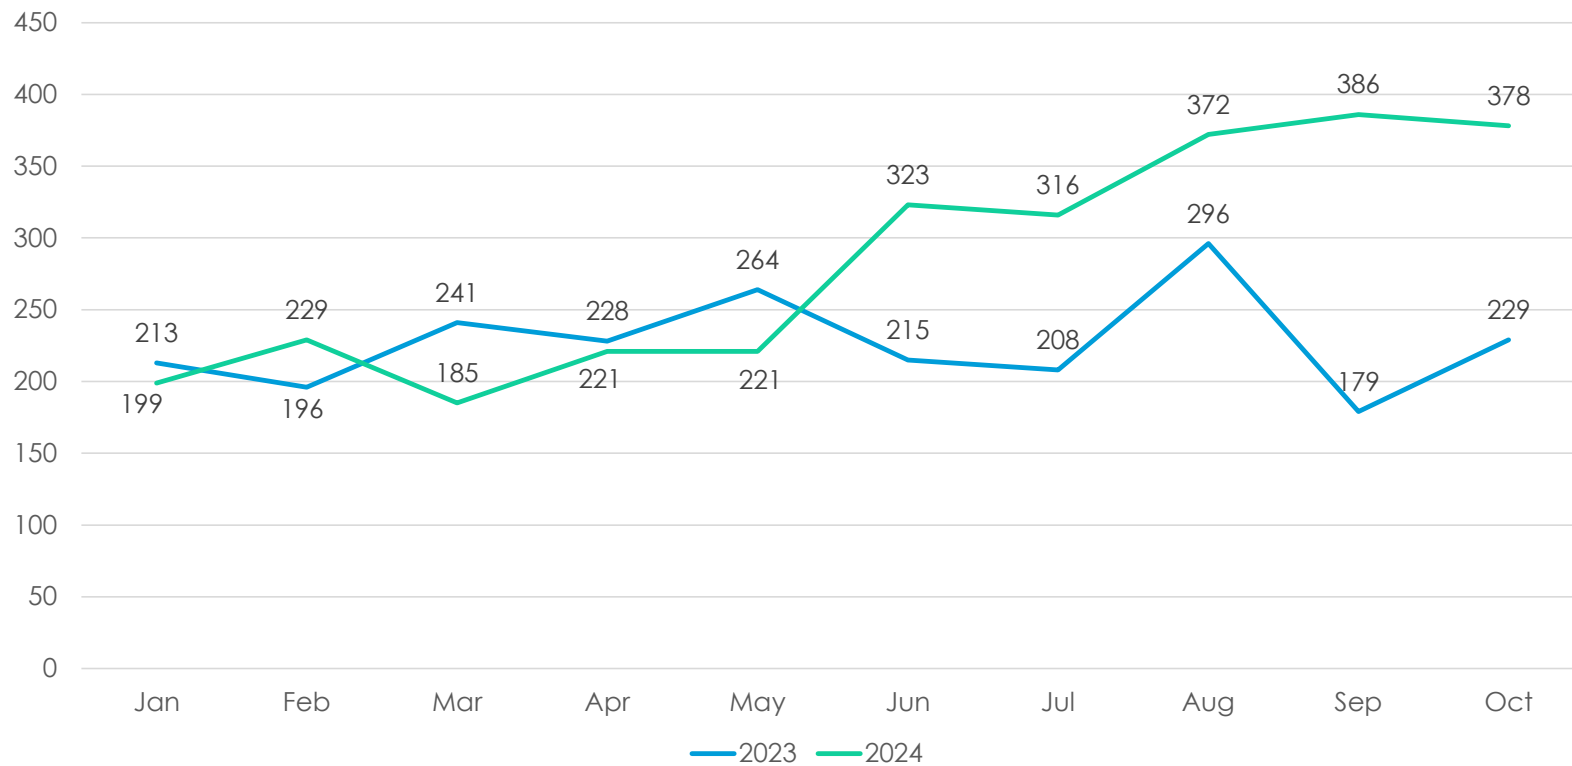

MONTH	ALL CITIZEN GENERATED CFS	CITIZEN GENERATED CFS CHAT RESPONDED TO	% OF ALL CITIZEN GENERATED CFS	CITIZEN GENERATED CFS DIVERTED TO CHAT	% CALLS DIVERTED
Jan-24	7,195	199	3%	146	2%
Feb-24	7,466	229	3%	157	2%
Mar-24	7,967	185	2%	137	2%
Apr-24	7,977	221	3%	178	2%

2023 vs 2024 Comparison

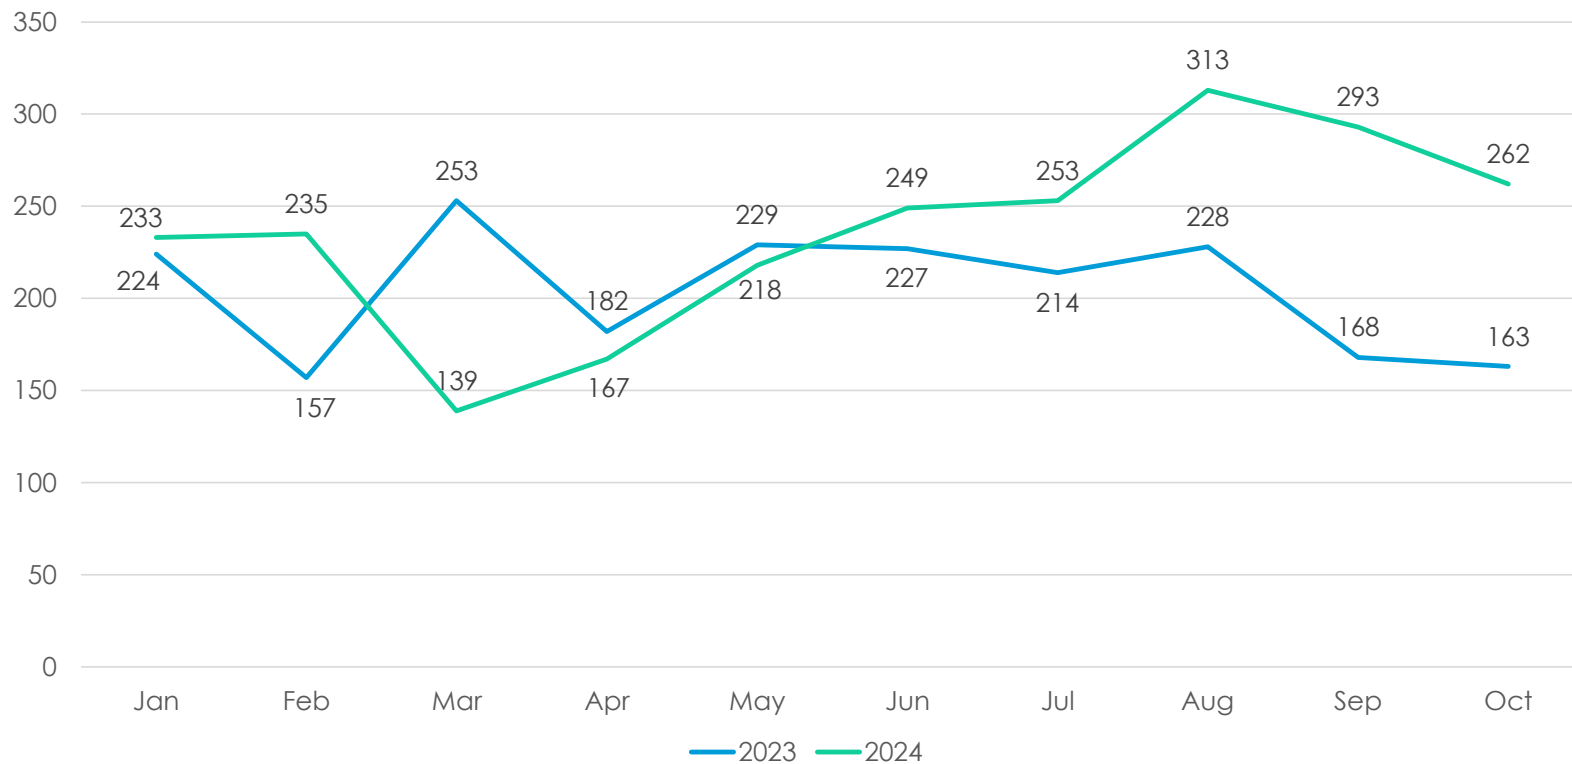

2023 VS 2024 Dispatched CFS

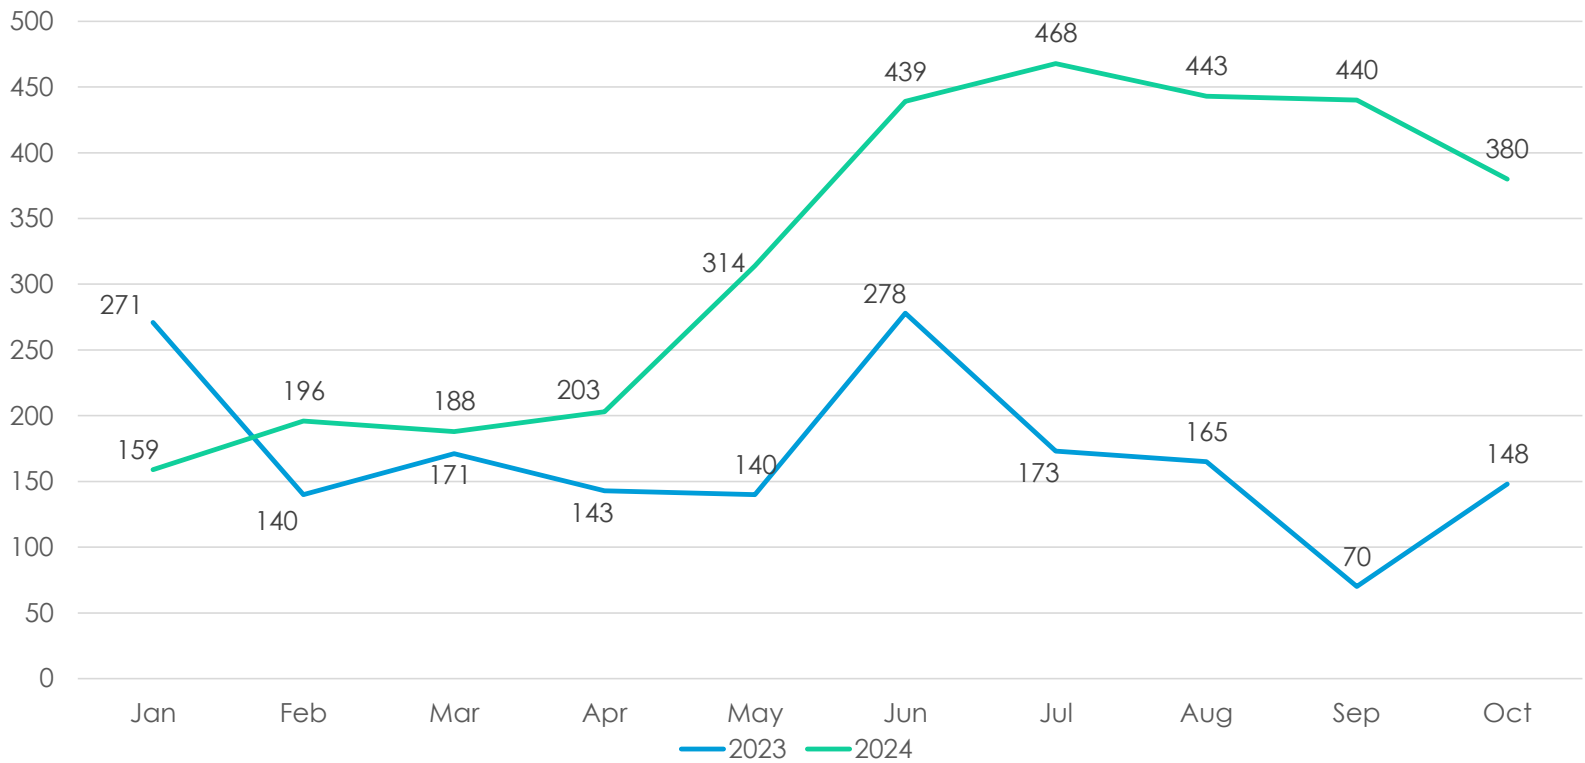

2023 VS 2024 CFS Diverted to C.H.A.T.

2023 VS 2024 Self-Initiated Activity (SIA)

2023 VS 2024 ESRI Contacts

2023 vs 2024 Summary

- C.H.A.T. has increased their activity in dispatched and SIA calls for service as well as the contacts they've made during calls since last year.
- By handling increased calls for service and contacts, C.H.A.T. reduces the need for police involvement and allows officers to focus on more critical law enforcement activities.

Month	Citizen Generated CFS C.H.A.T. Responded To		% Change From Last Year	Self Initiated Activity		% Change From Last Year	ESRI Contacts Made by C.H.A.T.		% Change From Last Year

C.H.A.T. Services

- ▶ C.H.A.T. Outreach Specialists provide immediate de-escalation and crisis assessment for individuals facing mental health challenges, substance abuse issues, or homelessness.
- ▶ Services include:
 - **Shelter**
 - **Mental Health**
 - **Addiction Services (SUD)**
 - **Food**
 - **Transportation**
 - **Medical Health**

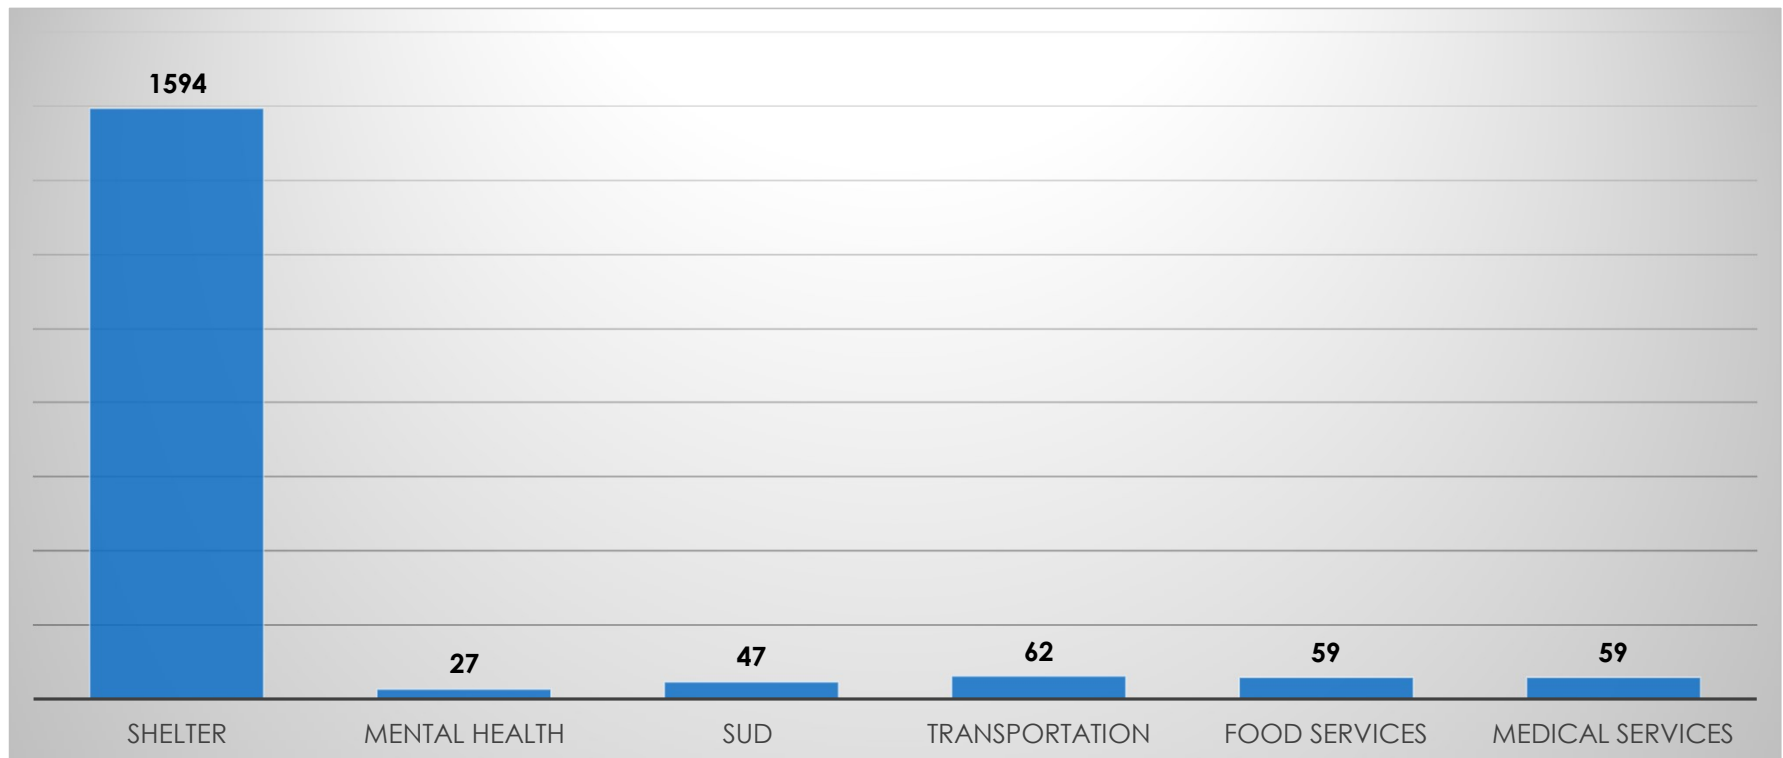

Services Provided By C.H.A.T.

1/1/2024 – 10/31/2024

Services Refused

1/1/2024 – 10/31/2024

C.H.A.T. Creates Connections to Support Services

Connects individuals to the right resources:

- Mental health care
- Substance abuse treatment
- Shelter and housing
- Social services and benefits

Specialists work with local organizations to navigate systems of care and ensure individuals receive comprehensive support.

- DBHC
- SHARE
- Salvation Army
- Social Security

Helps prevent Criminal Justice Involvement:

- By connecting individuals to services early, C.H.A.T. can divert arrests and court involvement, particularly for those experiencing crises related to mental illness or homelessness.

C.H.A.T. Activity Summary

C.H.A.T. outreach specialists' step in to provide direct care and connections to services alleviating the need for police officers or emergency medical responders.

With the rise of CFS (Dispatched & SIA), C.H.A.T. continues to increase support and resources for individuals in need.

C.H.A.T. specialists work with local organizations to navigate systems of care and ensure individuals receive comprehensive support.

Conclusion

WITH THE ADDITION OF C.H.A.T., WE PREVENT OVERWHELMING LAW ENFORCEMENT, EMERGENCY MEDICAL SERVICES, AND THE CRIMINAL JUSTICE SYSTEM WITH MORE MENTAL HEALTH, HOMELESSNESS, AND QUALITY OF LIFE ISSUES—HELPING TO ENSURE A TIMELY RESPONSE TO EMERGENCIES.

THE DATA SHOWS THAT C.H.A.T. HAS SIGNIFICANTLY REDUCED CALLS FOR SERVICE IN PATROL, EMS, AND MENTAL HEALTH, STREAMLINING RESPONSE EFFORTS AND ALLOWING RESOURCES TO BE MORE EFFECTIVELY ALLOCATED.

AT THE SAME TIME, C.H.A.T. HELPS INDIVIDUALS FACING THESE CHALLENGES TO NAVIGATE THROUGH A COMPLEX AND OFTEN OVERWHELMING SYSTEM OF SERVICES ON THEIR OWN.

C.H.A.T. PROVIDES THE CRITICAL BRIDGE TO ENSURE THAT BOTH OUR FIRST RESPONDERS AND THOSE IN NEED RECEIVE THE SUPPORT AND RESOURCES THEY DESERVE, FOSTERING A MORE EFFICIENT, AND EFFECTIVE APPROACH TO ADDRESSING THESE COMPLEX ISSUES.

BEHAVIORAL HEALTH AND RECOVERY SERVICES

Director Tony Vartan, MSW, LCSW

Overview of CCP Funded BHRS Programming

November, 2024

CCP Behavioral Health Services Team (BHST)

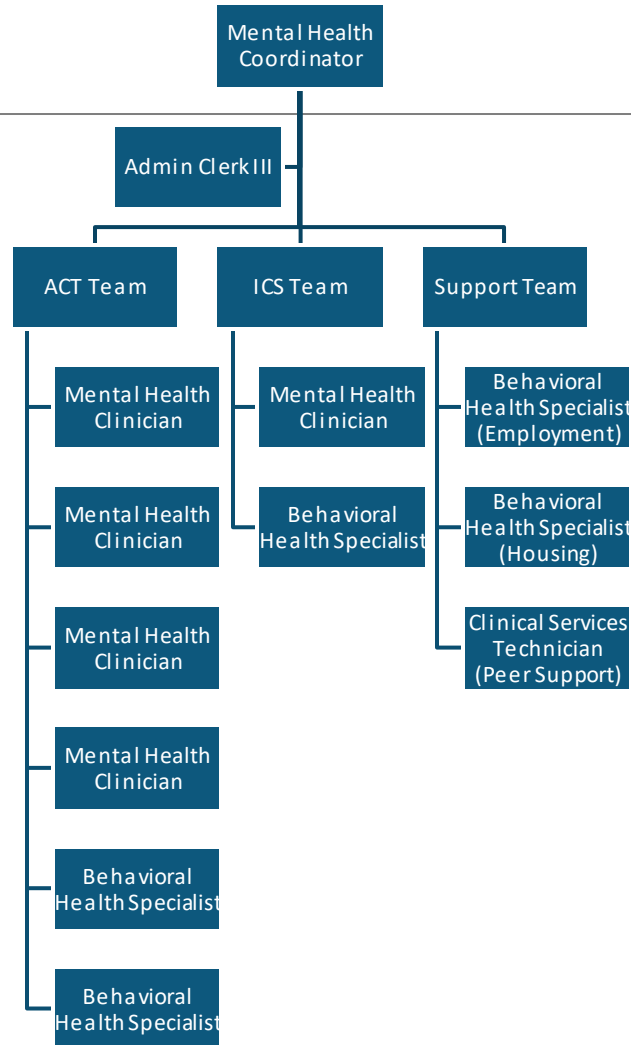

In alignment with the Department's Core Treatment Model, this multidisciplinary team provides comprehensive mental health services to adults (ages 18 and older) who, as a result of serious and persistent mental illness, have difficulty maintaining stable residence, experience significant impairment in daily activities, are on Post-Release Community Supervision, experience frequent law enforcement contact, or experience frequent or lengthy psychiatric hospitalization.

Two levels of care are offered within this team, Assertive Community Treatment (ACT) and Intensive Community Support (ICS). Offering different levels of care within one team allows clients to progress through their recovery while staying connected to their known treatment providers.

Services include: 24/7 access to a known service provider, access to supportive service funds, individualized service planning, crisis stabilization alternatives to jail, re-entry support from a state hospital, peer and family support, housing and employment assistance, independent living skills training, mental health rehabilitation, medication support, and linkages to existing community supports.

- ❖ Program offices are located 500 N. 9th Street, Suite C Modesto. CCP BHST staff are also located at the Day Reporting Center

Detention Services

This team, comprised of mental health clinicians, provides in-custody mental health treatment services to inmates with Serious Mental Illness (SMI). Treatment services are offered as an adjunct to the primary provider of in-custody mental health services, Wellpath. BHRS Detention Services include: assessment, case management, linkage to outpatient providers upon release, individual therapy and group therapy .

Additionally, the team consists of one in-custody liaison position designed to connect inmates with a SMI to outpatient treatment services upon their release. This includes individuals returning from a state hospital or who are completing their treatment within the JBCT program.

Intensive Outpatient Treatment- Day Reporting Center

This team, comprised of Substance Use Disorder (SUD) certified Behavioral Health Specialists, provides Intensive Outpatient Treatment (IOT) substance use disorder treatment services to individuals on Probation. Services include: intake (including assessment), treatment planning, individual and group counseling, collateral, case management, crisis intervention, patient education, and discharge services.

Additionally, the team consists of one in-custody liaison position designed to connect inmates with a SUD to outpatient treatment services upon their release.

Collaborative Court Behavioral Health Services Team

In alignment with the Department's Core Treatment Model, this multidisciplinary team provides comprehensive mental health services to adults (ages 18 and older) who, as a result of serious and persistent mental illness, have been court ordered to treatment through Mental Health Court or Diversion proceedings or who are returning from the Department of State Hospitals/JBCT.

Services will be provided at the Full Service Partnership level of care and will utilize the Assertive Community Treatment model of treatment. Services will include: 24/7 access to a known service provider, access to supportive service funds, individualized service planning, crisis stabilization alternatives to jail, peer and family support, housing and employment assistance, independent living skills training, mental health rehabilitation, medication support, and linkages to existing community supports.

❖ Program offices are located at 800 Scenic Dr, Building G.
