

**Stanislaus County
Juvenile Justice Commission
April 18, 2018**

Members Present: Darin Gharat, Chair, Stephen Ashman, Vicki Maldonado, Richard Breshears, Sharma Uma, and Teresa Guerrero

Members Excused: Miranda Scoles, Capt. Bill Duncan, and Jeffrey Graham

Probation Department Present: Steve Jackson, Division Director, Juvenile Institutions and Rhonda Hott, Probation Manager

Superior Court Present: The Honorable Ann Ameral and The Honorable Ruben Villalobos, Juvenile Court Judges

Call to Order: Chairman Darin Gharat called the meeting to order at 12:10 p.m.

Public Comment: No public individuals were present. The public comment period was dispensed with.

Approval of Minutes: MOTION: Steve Ashman. SECOND: Judge Ann Ameral. The minutes of the January 10, 2018 meeting were approved unanimously.

Update on Nutrition Program for Juvenile Institutions: Carrie Van Roekel, Supervising Custodial Cook

Carri Van Roekel, Supervising Custodial Cook, presented an update of the menu available at the Juvenile Institutions for breakfast, lunch, dinner and snacks. She distributed a five-week menu (attached to original copy of minutes) and acknowledged the contributions of Assistant Cooks Rene Caparros and Shelby Hegedus. The culinary class has had 29 youth participate and 31 youth have participated in the kitchen program. Ten have earned their Serve-Safe food handler card and 14 more youth are scheduled for testing. To date, 358 youth have participated in the kitchen program with 229 earning their Serve-Safe certificate. Ten Culinary Arts Training programs have been offered for youth who are high school graduates and have at least a six-week commitment. This is a full-time internship program. A "Guest Chef" program is being piloted and Ms. Van Roekel and PCO III Sandi Taylor have been reaching out to the community and visiting restaurants in order to bridge the gap for employment when a youth has been released. Various JJC members suggested additional restaurants to consider for this program and one member suggested a summary being developed to supply to restaurants being approached. The culinary industry is good for youth to consider for employment upon coming out of the juvenile facility. A barista program is being evaluated for implementation.

Ms. Van Roekel reported that Food Services passed their environmental inspection and nutritional inspection with no findings. The Tri-Annual State School Nutrition Program administrative review by the State was successfully completed. She advised that this menu operates within budget and utilizes two food service providers.

Probation Department Report: Division Director Steve Jackson

Division Director Steve Jackson updated the members on the status of the following:

- The legislature introduced SB2010 which limits the use of OC pepper spray in juvenile institutions throughout the State. This bill did not pass in Sacramento.
- Division Director of Juvenile Field Services Dave Chapman participated in a breakout session at the Continuum of Care Reform Conference in Sacramento provided by the Chief Probation Officers of California and discussed success stories in Stanislaus County.
- The Juvenile Institutions is performing an in-depth evaluation of evidence-based programming being provided and developing a core group for positive impacts in behavioral and cognitive programs. Dr. Edward LaTessa, a nationally recognized individual from the University of Cincinnati, completed a two-day evaluation of the Day Reporting Center and Juvenile Institutions. His suggestions for improvement will be evaluated for implementation.
- Program Manager Rhonda Hott advised that Title 15 is going through a revision process and will be finalized next year. Juvenile Institutions will be looking at these revisions for changes to implement.

Juvenile Court Report: Judge Ruben Villalobos

Judge Villalobos gave kudos to Probation Department staff for their participation in the Autism Awareness month in April and wore shirts which had a patch in recognition of autism. He noted that this type of recognition was educational in nature.

Judge Villalobos reported that after many years of planning, the Courts is changing their case management system scheduled to go live this week. Staff has been trained and a paperless system is the goal and with this system various files can be viewed at the same time.

Review BSCC Letter Re: Inspection of Juvenile Institution Facilities

The annual BSCC letter has been received indicating that inspections must be made by the judges and/or commission members at Modesto Police Department, Oakdale Police Department and Turlock Police Department. Executive Secretary Gail Kittel will coordinate these visits to the facilities in late May or early June 2018.

Chairperson Darin Gharat advised that a notice was received from commission member Jorge Contreras indicating he was resigning from the Juvenile Justice Commission effective January 2018.

The meeting adjourned at 12:45 p.m.

Attention: Presiding Juvenile Court Judges and Juvenile Justice Commission Chairs

Section 209 of the Welfare and Institutions Code (WIC) contains several inspection requirements for juvenile court judges and Juvenile Justice Commissions. The Board of State and Community Corrections (BSCC) is responsible for inspecting all local detention facilities, juvenile halls, and camps in California, and is also responsible for monitoring jails and lockups that securely detain minors.

WIC §209(a)¹ requires a judge of the juvenile court to annually inspect each jail or juvenile hall in the county that held one or more minors for **more than 24 hours** during the preceding calendar year.

WIC §209(b) requires the juvenile court judge or a delegated member of the Juvenile Justice Commission to inspect each law enforcement facility that contains a lockup² for adults in which one or more minors was **SECURELY** detained **for any length of time.**

To assist with your inspection responsibilities, we have enclosed a list of facilities in your county that reported they may hold minors in secure detention. This document also notes the number of minors held in secure detention during calendar year 2017, as reported by these facilities. **Please note that this list may not include all facilities in your county; those facilities who do not hold minors in secure detention are not included. Facilities holding minors in secure detention require inspection according to WIC §209(b).**

Additionally, if you learn of agencies that did not report the secure detention of minors to the BSCC, if you have questions regarding a particular facility, or if there are any changes or updates to your current contact information, you may reach your county's assigned BSCC field representative at (916) 445-5073.

Thank you for your cooperation. Please let us know if you have any questions or concerns.

Sincerely,

ALLISON E. GANTER
Deputy Director
Facilities Standards and Operations Division

Enclosure

¹ **WIC §209(a)** requires the judge to promptly notify the operator of the facility of any observed noncompliance with minimum standards for juvenile facilities adopted by the BSCC (Title 15, California Code of Regulations).

² **Lockup** - any locked room, secure enclosure, or cuffing rail under the control of a sheriff or other peace officer that is primarily for the temporary confinement of adults upon arrest.
