

Dear Residence,

The County of Stanislaus will be installing at-grade sidewalks and bike paths within the Airport Neighborhood, as part of the Stanislaus County Department of Public Works Measure L Airport Neighborhood Active Transportation Connectivity and Safety Project. This project includes the installation of at-grade sidewalks and Class I, Class III and Class IV Bike Paths along portions of Santa Cruz Avenue, Kerr Avenue, Empire Avenue, Mono Drive, Tenaya Drive, Tioga Drive, Monterey Ave, Hillside Drive and within the Modesto Irrigation District Easement (including Oregon Park). These improvements will provide paved active transportation routes to school and other destinations within the Airport Neighborhood.

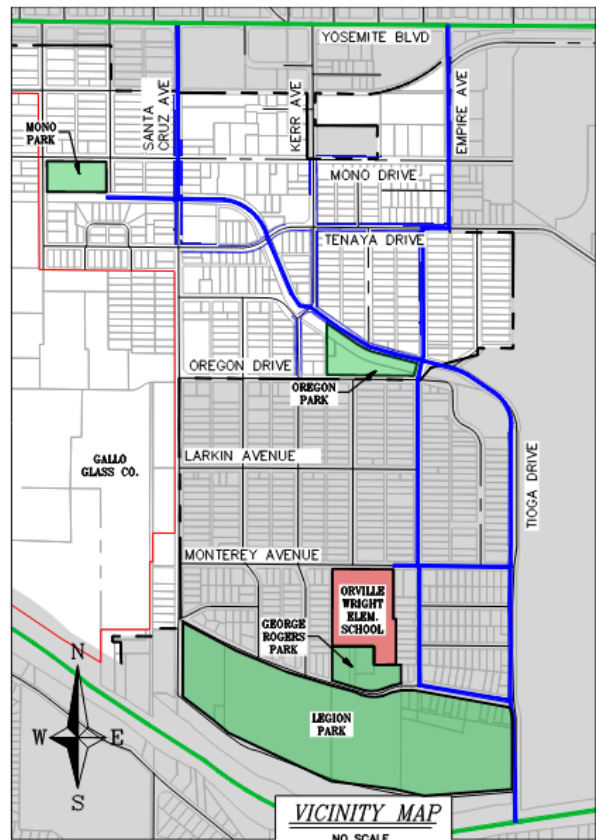

LOCATION: See Locations on map in blue (Right).

TIMELINE: Construction is anticipated to begin in Summer 2022 and take about 5 months to complete depending on weather or unforeseen conditions. Standard work hours are 7:30 a.m. - 5:00 p.m., Monday – Friday. Schedule updates will be available on the County’s website at:
<https://www.stancounty.com/publicworks/projects.shtm>

RESIDENT and PROPERTY OWNER ACTIONS: No interruptions in sewer, water, electric, gas, or phone service are anticipated.

- Safety: Keep children and pets away from work area
- Sensitive to Petroleum: Be aware that asphalt paving will be used in this project

POSSIBLE INCONVENIENCES: "No Parking" signs will be posted along the street at least 2 days in advance of construction and will be enforced by the Police Department. Parking will be restricted to allow for construction access and vehicle movement. Please see the posted signs for exact hours and locations as they may vary according to scheduled tasks. All other usual parking restrictions, including no parking for street cleaning, will still be in effect. Traffic may be delayed at the worksite to allow for construction vehicle movement, but the street will not be closed, except under unforeseen circumstances. Emergency vehicle access will be maintained.

04/15/22
Denis Bazyuk, P.E.
Project Manager, Stanislaus County Public Works Department
